emergency situations or other special circumstances,
the department may waive these absence requirements.

§1105. Unified Quality Rating System for Type III Early Learning Centers

A. The unified quality rating system consist of five star ratings that may be awarded to type III early learning centers based on the level of quality of early child care and education provided by type III early learning centers serving children from birth through age five. 1. To be eligible for participation in the unified quality rating system, a type III early learning center must:

   a. have current academic approval issued by the department in compliance with §313 of Bulletin 140—Louisiana Early Childhood Care and Education Network; and

   b. have a valid type III early learning center license issued by the LDE in compliance with Bulletin 137—Louisiana Early Learning Center Licensing Regulations.

2. A type III early learning center is participating in the unified quality rating system if it is eligible for participation and has notified the LDE of the desire to participate and willingness to sign the required documents verifying eligibility for tax credits.

B. A star rating shall be awarded to an eligible, participating type III early learning center based on the performance rating the center receives on its annual performance profile issued by the LDE as part of the early childhood care and education accountability system (ECCE accountability system). The ECCE accountability system was created pursuant to R.S. 17:407.23(B)(3) and Bulletin 140, and is used to evaluate the performance of publicly-funded early childhood care and education sites, which include type III early learning centers, and community networks in preparing children for kindergarten and to assign a performance profile to each site, which include type III early learning centers and community network.

1. All publicly funded early childhood care and education sites, which include type III early learning centers, are required to participate in the ECCE accountability system pursuant to §501 of Bulletin 140, and each publicly-funded site, which includes all type III early learning centers, must receive a performance profile based its performance each school year.

2. Performance profiles for publicly-funded sites, which include type III early learning centers, must include a performance rating as provided in §509 of Bulletin 140.

If it is determined that the facility or individual is meeting or exceeding the intent of a requirement, the requirement may be deemed to be met. The decision to grant or deny a waiver rests with the sole discretion of the state superintendent.

§1107. Participation

A. Early learning centers that have achieved a star rating may have their rating reviewed and modified, if at any time it becomes known to the LDE or the LDE receives information from the early learning center that the type III early learning center no longer meets standards for the early learning center's current star rating award.

B. Early learning centers that have achieved a star rating will have their rating revoked if the early learning center license is revoked or not renewed.

C. Early learning centers that have achieved a star rating may have their rating revoked, or centers applying may be denied, if it is determined by the LDE that false or misleading statements or documents have been submitted or misrepresented or relevant facts have been concealed or withheld in order to qualify or maintain a star(s) in the unified quality rating system or to obtain the school readiness tax credit (SRTC).
