## 158\_3000 — Motor Carrier Registration

Program Authorization: Louisiana Revised Statutes 45:162-180 et seq

### Program Description

The mission of the Motor Carrier Program is to provide fair and impartial regulations of intrastate common and contract carriers offering services for hire, to be responsible for the regulation of the financial responsibility and lawfulness of interstate motor carriers operating into or through Louisiana in interstate commerce, and to provide fair and equal treatment in the application and enforcement of motor carrier laws.

Program goals are: to administer the rules and orders of the Commission to assure the public of safe and dependable transportation services, to have more effective enforcement activities to improve carrier compliance with regulatory requirements; thus, protecting the consumer and carriers against unjust, unreasonable, and discriminatory rates and charges, and to provide timely service to the motor carrier industry by processing 100% of all registrations within 5 days of receipt of complete information.

The division provides for the regulation of intrastate common and contract carriers offering services for hire. It provides staff support to the Commission in the enforcement of motor carrier laws that are designed to assure the public of safe, dependable transportation services. Also, it is responsible for the regulation of the financial responsibility and lawfulness of interstate motor carriers operating into or through Louisiana in interstate commerce. Participates in the Single State Registration System (SSRS) whereby each vehicle is required to carry in its cab a copy of a current receipt issued by the base registration state. A registration period is from January 1 through December 31 and is renewable for a fee each year.

- **Administrative Section:** Processes paperwork necessary for a company to engage legally in transportation services within and through the state, receives, examines and docket applications for operating rights, changes in rules or regulations, discontinuance or changes in services or facilities; processes other matters requiring a hearing and interprets operating authorities and offers advice to those seeking to engage in transportation services. Also responsible for analysis and reporting of cases to the Commission, before and after hearings, preparation of orders after a decision by the Commission, service of orders and compliance and offering specialized testimony before the Commission or court. This staff maintains records of liability and cargo insurance filings on interstate and intrastate common and contract for-hire motor carriers. Staff also takes and processes complaints by shippers, receivers and carriers.
- **Enforcement Section:** Operates in the field on a statewide basis and is concerned with compliance regarding the rates, services and practices of motor carriers operating in, to, and through the state in intrastate/interstate commerce. These enforcement officers work at highway weigh scales and conduct road checks along the highway. When violations are detected, the officer issues a violation ticket and an appearance bond is collected. The officer will appear at the hearing and give sworn testimony regarding the violation. These enforcement officers also handle complaints received from carriers regarding possible violations by another carrier.
