8. Mortgage Buydown Payment and Other Debt Service Costs (24.401(d))

Instructions: You are entitled to compensation to cover the additional costs you must pay to finance the purchase of a replacement dwelling. The "buydown" payment covers those costs that result because the interest rate you must pay for a new mortgage is higher than the interest rate on your old mortgage. The maximum buydown payment for which you can qualify is the amount needed to reduce your new mortgage balance to the amount which can be amortized with the same periodic payments for principal and interest as those for your old mortgage. (The Agency is required to advise you of its estimate of the maximum buydown payment and the interest rate, term and amount on which it was computed. You will need to borrow that amount over that term to qualify for the full payment.) If you have more than one mortgage on either your old or new home, complete a separate Item 8(13) for each computation and include the total amount of all such computations on line 6(7). Note: A mortgage on your old home that was in effect for less than 180 days before the Agency's initial written offer of just compensation for the property cannot be used as a basis for payment. Also, if the combination of interest and points for the new mortgage exceeds the current prevailing fixed interest rate and points for conventional mortgages and there is no justification for the excessive rate, then the current prevailing fixed interest rate and points shall be used in the computations.
