It is the traveler’s discretion which rental company is utilized. Pricing includes CDW (Collision Damage Waiver) and a million dollar liability insurance.

Ultimately, it is the traveler’s responsibility to determine, upon initial notification of an unused ticket and then every 30 days thereafter, if traveler will be utilizing the unused ticket. If it is determined that the ticket will not be utilized prior to expiration and there is a possibility to transfer the ticket, the traveler must immediately advise the agency travel administrator that the ticket is available for use by another employee, section or agency. The travel administrator should then act accordingly.

In addition, the Department Head, at a minimum of three months prior to expiration, must review all unused airfare to determine, based on the traveler’s justification, if reimbursement from the traveler must be made to the agency for the amount of the unused ticket. All files must be properly documented. This may be accomplished with the unused ticket report sent to each agency program administrator each month from the contracted travel agency. This report in conjunction with employee notifications while booking other flights and employee email notifications every 90, 60, 30 and 14 days prior to ticket expiration should be more than sufficient to reduce the loss of reusable airfare.
