MEMORANDUM OSP V20-01

TO: All State of Louisiana Registered Vendors

FROM: Paula Tregre 
Director of State Procurement

DATE: August 12, 2019

RE: Emergency Resource List

During a Catastrophic Emergency Event declared by the Governor of the State of Louisiana, such as a hurricane or flood, the State of Louisiana may find themselves in need of additional vendor resources to deal with the emergency event at hand. The resource lists are used when the State has exhausted all the resources which are available on the State of Louisiana's Emergency Contingency Contracts.

In an effort to create comprehensive resource lists that can be used to obtain prices during an emergency event, the Office of State Procurement is requesting that you complete the attached questionnaire and indicate the commodities that you are able to provide by checking all that are applicable. Once completed, please return this information to Margie Golmon in the Office of State Procurement at margie.golmon@la.gov.

It is our intent to update the resource lists annually.

Thanks for your cooperation.
