

SoundOff Signal Limited Warranty Statement

Our warranty covers all products that do not work properly because of material defects or due to faulty workmanship, subject to the terms of this Warranty Statement. Our warranty applies only to product that has been installed according to the manufacturer's installation instructions, operated within the proper specifications, not subject to abuse or misuse or excessive voltages and not altered and as to which a date code tag, product sticker, seal or the like, that was applied by the manufacturer, has been removed or altered. SoundOff Signal retains the sole right to determine what constitutes a defect in performance or manufacturing.

The warranty applies only to the original purchaser. Each warranty claim must be accompanied by a dated proof of purchase and a completed Return Merchandise Authorization (RMA) Form.

If the customer returns a defective product to SoundOff Signal (F.O.B. SoundOff Signal's facility in Hudsonville, MI) during the warranty period for the product and if SoundOff Signal determines that the product is defective, then SoundOff Signal will, at its option, either repair or replace the defective product. Such repair or replacement is the sole and exclusive remedy for a defect in a SoundOff Signal product. You can obtain a complete list of the warranty periods for our products and an RMA Form from our website at www.soundoffsignal.com/warranty.htm or call our Customer Service Department at 1.800.338.7337.

Without limiting the preceding sentence, SoundOff Signal shall not be liable for expenses incurred in the use of a product and/or the removal and re-installation of a product requiring service or repair or for the packaging, handling or shipping of a product to SoundOff Signal and/or its authorized distributors.

Our warranty will not apply to a product if the Warranty Return Policy & Procedures are not strictly followed with respect to the product. Returned product that is damaged by shipping via the RMA procedure is not the responsibility of SoundOff Signal.
