Emergency Rule 41—Medical Surge-Related Patient Transfers in Louisiana during the Outbreak of Coronavirus Disease (COVID-19) (LAC 41:XI.Chapter 41)

On January 31, 2020, the United States Department of Health and Human Services Secretary Alex A. Azar declared a public health emergency (PHE) for the United States to aid the nation's healthcare community in responding to the coronavirus disease (COVID-19). The United States Centers for Disease Control and Prevention (CDC) has declared COVID-19 a worldwide pandemic due to its global effect. Furthermore, on March 13, 2020, President Donald Trump invoked the Stafford Act and declared a national emergency regarding the COVID-19 outbreak. COVID-19 has been detected in the state of Louisiana with a growing number of residents testing positive for the disease. There is reason to believe that COVID-19 may spread among the population by various means of exposure, therefore posing a significant risk of substantial harm to a large number of citizens.

Emergency Rule 41 is issued to address the statewide public health emergency declared to exist in the state of Louisiana as the result of the imminent threat posed to Louisiana citizens by COVID-19, creating emergency conditions threatening the lives and health of the citizens of this state. As such, Emergency Rule 41 is issued under the authority of the Commissioner of Insurance for the State of Louisiana, pursuant to the following: Proclamation No. JBE 2020-25 issued on March 11, 2020, by Governor John Bel Edwards declaring a State of Emergency extending from March 11, 2020, through April 9, 2020, unless terminated sooner and Proclamation No. JBE 2020-29 issued on March 14, 2020, transferring authority over certain insurance matters to Commissioner of Insurance James J. Donelon, Proclamation No. JBE 2020-37 issued on March 26, 2020 transferring authority over certain insurance matters to Commissioner of Insurance James J. Donelon. Additionally, Emergency Rule 41 is being issued following the issuance of Proclamation No. JBE 2020-33 issued on March 22, 2020 by Governor John Bel Edwards declaring a stay at home order and closure of nonessential businesses until April 13, 2020 unless terminated sooner.

Accordingly, Emergency Rule 41 shall apply to all health maintenance organizations (HMOs), managed care organizations (MCOs), preferred provider organizations (PPOs), pharmacy benefit managers (PBMs), and third party administrators (TPAs) acting on behalf of an HMO, MCO, PPO, and any and all other insurance related entities licensed by the Commissioner or doing business in Louisiana (collectively known as "health insurance issuers") and their insureds, policyholders, members, subscribers, enrollees and certificate holders.

COVID-19 has created a mass disruption to the normalcy previously enjoyed by Louisianans and is an immediate threat to the public health, safety, and welfare of Louisiana citizens. Moreover, the unique nature of the COVID-19 pandemic is such that acute care hospitals in heavily affected areas are increasingly being tasked with transferring patients to other area facilities to maximize beds and supplies available to treat COVID-19 patients. The State of

Louisiana, through the Louisiana Department of Health, has adopted a public policy supporting the use of health care facilities not traditionally used in the delivery of general acute care to augment the inpatient capacity of acute care hospitals through the acceptance of inpatient transfers that may not otherwise be permissible. In order for this public policy to be implemented safely and effectively and to promote continued network adequacy, it is necessary for insurers to appropriately cover such post-transfer care. In order to respond to the emergency and to protect and safeguard the public health, safety, and welfare of the citizens of this state, it is necessary to issue Emergency Rule 41.
