The form field description of the Organization Request Form follows:

1. FISCAL YEAR Field length (2). Numeric – required. This is a key field on the ORG2 screen. The last two digits of the applicable fiscal year for the organization code entered.
2. AGENCY Field length (3). Alpha/numeric - required. This is a key field on the ORG2 screen. The agency code to which the organization entered is associated. The code entered must be an existing entry on the Agency (AGC2) screen.
3. ORGANIZATION Field length (4). Alpha/numeric – required. This is a key field on the ORG2 screen. A code that is unique within the agency.

If deleting a line, STOP HERE. If changing a line, enter only the fields that should be changed. If adding a new line, proceed with instructions 4 through 17.

4. ORGANIZATION NAME Field length (30). Alpha/numeric – optional. It is required for the initial setup of the organization and when changing the organization name. It is not required for other changes to the organization or its inactivation. The descriptive name for this organization.
5. ORGANIZATION MANAGER Field length (8). Alpha/numeric – required. It is required when adding or changing an organization type 1 or 2. Enter the position number of the Cost center approver for LaGOV/SRM.
6. FUND Field length (4). Alpha/numeric – optional. Its required when adding an organization or changing an established organization’s fund. It is not required when only changing other information or inactivating the organization. The code for the fund associated with this organization and agency. The code must be valid on the FUN2 screen. If an original fund is coded on the ORG2, it must be different from the fund coded.
7. LEVEL or INDICATOR Field length (2). Numeric - optional . It is required when adding an organization changing the total number of reporting organizations. It is not required when only changing other fields or inactivation. The number value for the level in which this organization appears on your hierarchy (rollup) tree. For example:
 - “01” if the organization being defined in this line does not report up to any other organization.
 - “02” if the organization being defined in this line reports to only one organization above itself.
 - “03” if the organization being defined in this line reports to two organizations above itself.

If the organization being defined in this line reports to more than three organizations above itself, enter the appropriate level indicator (“04” through “12”). OPB subprograms and budget development expenditure organizations will only roll to appropriated programs.

8. STATUS Field length (1). Alphabetic – optional. It is required when establishing or inactivating the organization. It is not required when only changing other fields. There are two status codes:
- “A” used when adding or reactivating this agency/organization combination. An organization must be active for transactions to post against it.
 - “I” used to inactivate this agency/organization combination. This status prevents transactions from being posted against it.
9. ACTIVITY Field length (4). Alpha/numeric – optional. It is required if originally hardcoding an activity to the organization or changing from one activity to another. It is not required when only changing other fields. A code used to capture financial information on a statewide and agency wide basis. If entered, the activity must exist on the ACT2 screen.
10. FUNCTION Field length (4). Alpha-numeric - optional. It is required when establishing a type 1, 2 or 4 organization associated with a function or when changing the function. It is not required on inactivations or when only changing other fields. Must be a valid entry on FUNC table. Used to capture financial data on a state and/or agency basis.
11. REPORTING ORGANIZATIONS Field length (4). Alpha/numeric - optional. It is required when adding an organization or changing the organization’s reporting organization. It is not required when only changing other fields. Enter the appropriate organization(s) to which this organization reports, as defined by the agency roll up structure. Higher level organizations must exist on the ORG2 screen. For example, if this is a level "4" organization, enter the organization codes for levels "1", "2", and "3" in the ORG1, ORG2, and ORG3 fields.
- The last organization listed must equal the organization entered in the ORGANIZATION field.
12. APPROPRIATION Field length (9). Alpha/numeric - optional. It is required when adding a type 1, 2, or 4 organization or changing the appropriation associated with this organization. It is not required when establishing a type 3 organization or if only changing other fields. The appropriation does not have to exist on the EAP2 table when the organization is established. however, it must exist before financial activity is recorded against the organization.
13. REPORTING CATEGORY Field length (4). Alpha/numeric - optional. It is required when changing the reporting category field on an existing organization or when establishing the organization with a reporting category hard coded to it. It is not required when only changing other fields or if removing an existing entry in this field. If entered, it must already be established on the RPTG screen.

14. CASH ACCOUNT Field length (4). Alpha/numeric - optional. It is required when adding an organization whose organization type is "1", "2", or "4" or when changing the organization's cash account. It is not required when only changing other fields or for type 3 organizations. Enter the cash account which will be inferred by the organization code. The cash account being entered must already exist on the BAC2 screen.
15. ORIGINAL FUND Field length (4). Alpha/numeric - optional. It is required when adding a type 1 organization whose receipts must pass through an original fund or when changing the organization's original fund. It is not required when only changing other fields or when establishing type 2, 3 or 4 organizations. Enter the original fund which will recognize the revenue before the cash is automatically transferred to the final fund. The original fund cannot be the same as the final fund entered in the FUND field on the ORG2 screen. The fund entered must exist on the FUN2 table. ACTS of the Legislature, Statutes, and the La. Constitution determine whether a fund's revenue must go through the Bond Security and Redemption Fund.
16. RESPONSIBLE AGENCY Field length (3). Alpha/numeric - optional. It is required when adding an organization or changing the organization's responsible agency. It is not required when only changing other fields. Enter the responsible agency that will receive reports for the organization. If left "blank", it will default to the key agency.
17. ORGANIZATION TYPE Field length (1). Numeric-required. Enter the number that describes the use of this organization:
- "1" Revenue Organization
 - "2" Expenditure Organization or Non-ISIS warrant organization
 - "3" Program Organization
 - "4" Warrant Organization
18. LOUISIANA ORGANIZATION Field length (5). Alpha/numeric - optional. It is required when changing the Louisiana Organization field on a type 1, 2 or 4 organization or when establishing a type 1, 2 or 4 organization and associating a Louisiana Organization with it. It is not required when only changing other fields, removing the Louisiana Organization from the organization, or type 3 organizations. Enter the Louisiana Organization code which is linked to the organization code for reporting and inquiry purposes. If entered, it must exist on the LORG table.
19. REMARKS Alpha-numeric - required. Enter an explanation of what you are trying to do and cite the authorization, if applicable. It will not be entered on the ORG2 table.
