The following is a summary of important dates included in the attached procedures:

- The last date checks will be printed in June is Friday, June 30, 2006.
- The next scheduled check print will be on Friday, July 7, 2006.

A detailed time frame with explanations of allowable transactions is enclosed. Delivery time required by courier, mail or messenger, must be taken into consideration to meet all deadlines. The deadlines provided in this memorandum are the latest dates and times transactions will be accepted for processing. Agencies can and should submit transactions as soon as possible before the deadlines to ensure a smooth closing.

Note: FY 07 AGPS encumbrances in HOLD status will not be processed in AFS until current year (FY07) budgets are loaded.

CMIA agencies should pay close attention to the Notes on page 6 of these instructions for information affecting their draws.

Agencies should review 1G07B daily and ensure that all payment vouchers representing valid liabilities are liquidated in a timely manner. Those payment vouchers that are no longer needed, have errors, or will not produce a check because of inactive vendor records should be modified to zero by the close of business on June 30, 2006.

Please distribute copies of this memorandum to all fiscal, purchasing and contract office employees. Many of the deadlines affect these individuals. Please contact the OSRAP Help Desk at (225) 342-1097 if you have questions on the above memo or attached instructions.

SPECIAL INSTRUCTIONS:

All regular appropriated budgets must be in balance within each appropriation by the Close of Business of June 30, 2006 (i.e., MOF APs=RBs, Operating APs=EBs, and EBs=RBs). To accomplish this, AP documents for FY 06 with a June effective date must be at a PEND3 status on SUSF by 8:00 a.m. on June 29, 2006. EBs and RBs must be accepted in AFS by 7:00 p.m. on June 29, 2006.

All payment vouchers (PV, P1, PVQ) and modifications issued from revenue with a June effective date must be entered and accepted in AFS by 7:00 p.m. 6/29/06 with a scheduled payment date on or before 6/29/06. An accounts payable liquidation for fiscal year 2005-2006 with a June effective date will be allowed for all scheduled payment dates through June 30, **2007** during the 6/29/06 nightly cycle, depending on the General Fund cash position. This date is being used to ensure that all payables will be liquidated regardless of scheduled payment date and may be adjusted further into the future to accomplish that goal. Checks will be printed and mailed 6/30/06. EFTs will remain on a daily processing schedule through 6/29/06.

The last day for interfaces is 6/29/06. The interfacing agency must ensure that transmissions have been received and posted in ISIS. Interfaces done on 6/30/06 must only be for resubmission of or correction to a 6/29/06 interface that rejected. Routine interfaces will **NOT** be accepted on 6/30/06. Agencies should not send interfaces (i.e., CMS, TMS, etc) for FY 07 accounting period 01 07 until the budgets are loaded for the new fiscal year.

FY 06 pre-encumbrance balances must be canceled by 8:00 p.m. 6/30/06. FY 06 requisitions not awarded by 8:00 p.m. 6/30/06 must be reentered as FY 07 requisitions after the budgets are loaded for the new fiscal year in accounting period 01 07.

A special front-end security to only allow OSRAP,STO,OIS,OCR, and OSP access to ISIS will be in place on 7/01/06. If necessary, the special front-end security will be extended to 7/02/06.

Fiscal Year End Reports and Agency Transaction Listings should be available in BUNDL by 7/02/06. Also, agencies should be allowed into ISIS and may resume sending interface files only for FY 06 accounting period 13 06 by 7/02/06. Fiscal Year 2007 accounting period 01 07 will be opened after the FY07 budget is loaded and access to both fiscal years is allowed.

The LDO limit will be raised to \$10,000.00 for the period of 7/2/06 – 8/14/06. This is done to allow entry in AGPS for commodity-based purchases for Budget FY 06 that were not encumbered by 6/30/06. Please ensure that all BFY 06 commodity based purchases are recorded in AGPS on or before 8/14/06 using LDOs. **You may NOT process FY07 LDOs above \$500.00.** Violations will be reported to the Office of State Purchasing and the Legislative Auditor.

Although AFS will allow a prior year encumbrance to be established through AFS during the 45-day period, it is illegal and against the policy of the Division of Administration for agencies to do so.

Agencies with any transactions related to continuing appropriations that are attributable to activity on or before 6/30/06 should be coded to accounting period 13 06 during the 45-day period.

Agencies with purchasing cards and/or CBA Travel Accounts should move all expenditures from their PPPP and P+/T+ Appropriation organizations (i.e., P100, P200, P300, etc & T100, T200, T300, etc.) by the close of business on June 30, 2006.

Also for agencies with purchasing cards and/or CBA Travel Accounts, the P3 to record expenditures from the July 5, 2006 statement billing file will post to Fiscal Year 2006, accounting period 13 06. That statement will cover purchases made during the period of June 5 to July 5, 2006. Any charges that relate to the Fiscal Year 2007 must be moved to FY 07 on a J2 transaction during the 13th accounting period.

CMIA AGENCIES:

All CMIA agencies should be aware that, depending on the General Fund Cash position, checks will be printed and EFTs will be sent on 6/30/06 for payment vouchers accepted on or before June 29th with scheduled payment dates through 6/30/**07**. Payment vouchers must meet all other automated disbursement criteria. **Adjust your draws from Federal Granting Agencies accordingly.** Payment vouchers entered on 6/29/05 will issue checks and EFTs on Friday, June 30, 2006.

PAYROLL:

The final pay period for FY06 ends June 18, 2006 with checks dated June 23, 2006. Payroll checks issued June 23, 2006 for the pay period ending June 18, 2006 will post in AFS on June 21, 2006 during the nightly cycle.

In order to affect proper fiscal year charges, each agency must make certain all off-cycle payments are processed in a timely manner. The deadline for off-cycle processing for fiscal year 2005-2006 is Wednesday, June 28, 2006. Those entries will post in AFS the night of June 29, 2006.
