

**BOBBY JINDAL**  
GOVERNOR

**PAUL W. RAINWATER**  
COMMISSIONER OF ADMINISTRATION

**State of Louisiana**  
Division of Administration  
**Office of Statewide Reporting and Accounting Policy**

August 27, 2012

**MEMORANDUM OSRAP 13-12**

**TO:** Fiscal Officers  
All State Agencies

**FROM:** Afranie Adomako, CPA  
Director

**SUBJECT:** Coding Expenditures and Tracking Lost Revenues Related to Tropical Storm Isaac

Attached is a memorandum from the Commissioner of Administration, Mr. Paul Rainwater, requiring all agencies to track all expenditures and lost revenues relating to Tropical Storm Isaac. Please read this memorandum and follow the instructions as indicated.

If this link does not work, please use the link for Commissioner Rainwater's memo on the OSRAP memorandums page.

If you have questions on any part of the memorandum, please call the contact number for the specific functional area in the memorandum.

**State of Louisiana**  
Division of Administration  
**Office of the Commissioner**

**MEMORANDUM**

TO: All Department Secretaries and Undersecretaries

FROM: Paul W. Rainwater

DATE: August 27, 2012

SUBJECT: State of Emergency – Tropical Storm Isaac – Proclamation No. 92 BJ 2012 – Procedures for Coding of Expenditures, Emergency Procurement, Overtime Reimbursement, etc.

A handwritten signature in black ink, appearing to read "Paul W. Rainwater", with a stylized flourish at the end.

With the possibility of Tropical Storm Isaac striking the Louisiana gulf coast in a few days, it is critical to review the required maintenance of emergency-related records and documentation and the required policies and procedures as a result of this event. Please communicate this guidance to your management and staff immediately.

**EMERGENCY PROCUREMENT**

Emergency procurement and contract procedures can be found in the Division of Administration's emergency procurement guide, which is available on the Office of State Purchasing website ([www.doa.louisiana.gov/osp/publications/emergencyprocurement.pdf](http://www.doa.louisiana.gov/osp/publications/emergencyprocurement.pdf)) and the Office of Contractual Review website ([www.doa.louisiana.gov/ocr/publications/emergencyprocurement.pdf](http://www.doa.louisiana.gov/ocr/publications/emergencyprocurement.pdf)), as well as in any executive orders that may be issued by Governor Jindal.

Any such emergency procurements and/or contracts should emphasize the following:

- Competition, where practical;
- Results-oriented contracts;
- Documentation for audit and reimbursement purposes; and
- Reporting on emergency procurements as soon as practical.

Agencies are encouraged to have employees verify their contact information and to make updates through LEO or their Employee Administration Office. If employees relocate to a temporary address, the mailing address (not permanent residence address) should be changed in LaGov HCM.

### **OVERTIME**

Department and agency heads should review their overtime policies. All such policies should comply with Civil Service Rules, Executive Order No. BJ 2008-64, and the FLSA. Departments should have an overtime policy in place guiding the earning and compensation of overtime. Also, departments should have adopted a policy on “Overtime Compensation for Emergency Support Workers” that may supersede their department policy regarding workers who perform duties relative to disaster operations and management.

### **CODING OF EXPENDITURES AND TRACKING LOST REVENUES**

It is critically important that all agencies accurately capture and maintain all records and documentation related to expenditures incurred due to Tropical Storm Isaac in order for the State of Louisiana to successfully request and receive full reimbursement from the Federal Emergency Management Agency (FEMA) and/or other third party.

Agencies should not, at this time, be concerned with what may or may not qualify for reimbursement; rather, any and all costs related to the disaster relief and recovery efforts should be reported to the **“ISAC” activity code**. Full and complete documentation and justification of all expenditures will be critical to securing reimbursement. In addition to the impact on expenditure budgets, there will also be revenue impacts related to the Tropical Storm – decreases to self-generated revenues, lost revenue streams, “savings” due to office closures, etc.

#### **Expenditures**

A new “Activity Code” has been established in ISIS to track expenditures related to the Tropical Storm – Isaac. **If your agency incurs any expenditures related to this event, you must enter “ISAC” activity code in the ACTV field of any AGPS or CFMS document or the payment document (PV, PVQ, P1, MW, reclassification of P3, etc.).** If you have already incurred expenditures related to the Tropical Storm Isaac that are not coded to this activity code, please prepare a journal voucher to include this activity code so that costs can be captured in an activity report for all state agencies. This procedure is being implemented to track all Tropical Storm Isaac related expenditures for the State to be used in future decisions. Invoices for these expenditures should be clearly marked ‘Related to Tropical Storm Isaac’ and, if necessary, should have a brief explanation of why it was necessary to incur the expenditure. It is imperative that these expenditures be properly documented so we can provide substantiations during audit.

**Agencies that do NOT utilize the State’s Advantage Financial System (AFS) must develop their own mechanism to capture Sunken Area related expenditures and report this information, upon request, to the Division of Administration (DOA).**

#### **Lost Revenues**

If your agency has incurred a loss of revenues as a result of the Tropical Storm Isaac, you must begin tracking this loss. Estimating will be acceptable and can be accomplished by using the last two years average revenue received during the same period (week/month) last year versus this year. This comparison should be made on a spreadsheet with a line for each type (source) of revenue. It should begin with the last period that had “normal” revenues and then continue with subsequent periods.

**Payroll**

- **WBS Element (formerly referred to as Activity Code):** For LaGov HCM Paid Agencies, the newly created WBS Element “ISAC” must be utilized if the employee’s overtime work is related to activity associated with this Tropical Storm. If the employee works overtime due to the effects of this Tropical Storm, timekeepers **MUST** code these hours to WBS Element “ISAC.” Refer to LaGov HCM Help for assistance in entering this data.
- **Office Closure – If an Office Closure Occurs: Costs incurred** for employees that are being compensated during office closures due to Tropical Storm Isaac **must be identified.** For LaGov HCM-paid agencies, Special Leave Office Closure code “LSOC” must be entered in order to track these payments. The Division of Administration will execute reports to determine this cost. Agencies are **NOT** to enter the WBS Element “ISAC” on these LSOC entries.
- Agencies are **NOT** to enter the WBS Element “ISAC” on any regular hours worked or leave hours taken.
- If retroactive adjustments are necessary, they must be processed through LaGov HCM not via ISIS journal vouchers.
- **Non-paid agencies** must develop a mechanism for tracking this information and reporting to the Division of Administration upon request.

Department and agency heads should disseminate this and all future communications from the Division of Administration to all business and administrative functional units (i.e., human resources, payroll, budget, accounting, etc.) within their agencies.

Thank you for your cooperation. Do not hesitate to contact me if you have questions or need further information.
