EXECUTIVE ORDER DCT 81-4

WHEREAS, the Department of Natural Resources is mandated by state law to oversee the State's sovereign and proprietary rights regarding oil and gas and, in order to carry out these responsibilities, relies upon the professional judgments of petroleum geologists and petroleum engineers of the state classified service; and

WHEREAS, the rights of over 200,000 individual landowners receiving royalty and bonus income, as well as the largest landowner, the State itself, are protected by these professionals; and

WHEREAS, over 40 percent of the State's treasury funds are generated directly from oil and gas related revenue such as royalties, bonuses, severance taxes and petroleum product taxes; and

WHEREAS, an emergency situation exists due to problems and unanticipated complications that have arisen with respect to the hiring and retention of petroleum engineers and petroleum geologists within the Department of Natural Resources; and

WHEREAS, the State of Louisiana, in its classified service, has lost 43 petroleum engineers and petroleum geologists in the last seven years, which represents 31 percent of the positions authorized by the State Civil Service; and

WHEREAS, such loss of these professionals, together with the increase in oil and gas exploration, monitoring, enforcement and regulatory programs relating to same, has culminated in an overburdening of the remaining petroleum engineers and petroleum geologists to such an extent as to decrease their effectiveness and efficiency and to jeopardize the programs and functions which they oversee;

NOW, THEREFORE, I, DAVID C. TREEN, Governor of the State of Louisiana, by virtue of the powers vested in me as Governor, pursuant to the Constitution and applicable statutes of the State of Louisiana, do hereby create and establish the Governor's Special Task Force on Petroleum Engineers and Petroleum Geologists.

Said Task Force shall be composed of 20 members and shall be charged with the responsibility of reviewing and recommending appropriate salary ranges for the professional disciplines of petroleum engineers and petroleum geologists.

The Task Force shall take whatever steps necessary and proper for the State of Louisiana to recommend a sound salary administrative package to reestablish and maintain the professional expertise and effectiveness required to carry out the legislatively mandated responsibilities charged to the Department of Natural Resources relative to oil and gas.

In view of this charge, I hereby authorize the Governor's Special Task Force to request the assistance of the Department of Natural Resources and the Department of Civil Service, and to request and utilize such counsel, assistance, personnel, facilities and advice as may be obtained from other sources, public and private, including but not restricted to, business, labor and private research agencies, individuals and related organizations.

IN WITNESS WHEREOF, I have hereunto set my hand officially and caused to be affixed the Great Seal of the State of Louisiana, at the Capitol, in the City of Baton Rouge, on this the 9th day of October, A.D., 1981.

DECLARATION OF EMERGENCY
Board of Elementary and Secondary Education

The State Board of Elementary and Secondary Education, at its meeting of October 22, 1981, exercised those powers conferred by the emergency provisions of the Administrative Procedure Act, R.S. 49:953B, and adopted the following as an emergency rule:

Guidelines for Textbook Adoption
Pursuant to Act 872, 1981 R.S.
(Amendment to BESE Policy 3.01.80)

Annually, the first State textbook adoption hearings shall be held within the first two weeks of January, at which time the names of the State committee members will be made public. After receiving the names of the members at the first meeting, the publishers will mail their samples to the committee members and will have no personal contact with the committee members.

Copies of basal textbooks being considered for adoption shall be placed in cooperating public libraries in those cities named in Act 872 (New Orleans, Baton Rouge, Shreveport, Monroe, Alexandria, Lake Charles, Lafayette and Houma) with the addition of Natchitoches. Public libraries must be contacted initially for use of their facilities for public display, and if they are unable to accommodate the display, then the State Department of Education may select an alternate site, including, for Baton Rouge, the Textbook Division Library, State Department of Education. Alternate sites must be advertised.

All oral objections to textbooks under consideration may be made at the second hearing of the adoption committee and shall not exceed five minutes per person, per publisher, per subject and shall be limited to those objections that have been previously filed in writing at least five working days prior to the second hearing in order to facilitate scheduling of time.

At least one-third of each textbook adoption committee shall be non-educator parents of children who are enrolled in schools or school programs that received funds for state approved textbooks.

The adoption of reading and science textbooks shall be held as scheduled for 1981-82 and the various systems and parishes shall be given the option to purchase or order either program either year, or both years. From 1981-82 on, for future adoptions, science shall be separated from reading to enable the parishes more realistically to implement programs within available funds. Science will be placed in the 1983-84 cycle and a moratorium on all adoptions will be placed on that year. The previous 1983-84 cycle will be advanced to 1984-85, etc. (See adoption cycle.)

Time Schedule for Textbook Adoptions
(Five-year cycle of adoptions)

DECLARATION OF EMERGENCY
Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, does hereby exercise the emergency provision of the Administrative Procedure Act (R.S. 49:953B) to adopt, effective October 1, 1981, the following polices in the Aid to Families with Dependent Children (AFDC) Program. Emergency Rulemaking is necessary in order to comply with the Omnibus Budget Reconciliation Act of 1981 (Public Law 97-35).

I. EARNED INCOME DISREGARDS AND FOUR MONTH LIMIT
Each individual in the assistance unit who has earned income is entitled to a standard deduction, to a deduction for child care and to the earned income exemption. The deductions from earned income shall be applied in the following order:

No other deductions are allowed.

A. Standard Deduction:

B. Child Care:
Maximum deduction allowed is determined by the number of hours the wage earner is actually engaged in employment.
Maximum allowed shall be $1 per hour employment per child or incapacitated individual up to $160 per month each.
Verified amount actually paid by the wage earner up to the maximum shall be deducted.

C. Earned Income Exemption:

The lump sum payment will be divided by the need standard for the appropriate size income unit.
The assistance unit will be ineligible for the whole number of months that the pro-rated incomes meet their need. Remaining income, after this computation, will be considered as income.
received in the first month following the period of ineligibility regardless of whether the income is available.

IV. EARNED INCOME CREDIT

EIC shall be considered as income which is potentially available to clients who have earned income; therefore all clients who have earned income shall be required to file an IRS Form W-5 with an employer to receive advance EIC.

EIC shall be budgeted as earned income.
If the client who has earned income refuses to file an IRS Form W-5 and apply for EIC, the cases shall be rejected or closed because need cannot be established.

V. STEPPARENT LIABILITY

Income of a stepparent residing in home shall be considered in determining eligibility.

VI. STRIKERS

AFDC benefits cannot be paid to families in which the caretaker relative or stepparent is participating in a strike on the last day of the month and, if any other member of the household is participating in a strike, his or her needs cannot be considered in computing the AFDC benefits.

VII. DEPENDENT CHILD AGE LIMIT

16-18 years of age exempt from WIN/Work registration or registered for employment/participating in the WIN Program.
18-19 years, if a full-time student in a secondary school or in the equivalent level of vocational or technical training, and reasonably expected to complete the program before reaching age 19.

X. ADJUSTMENTS FOR INCORRECT PAYMENTS

All AFDC losses regardless of reason for overpayment will be subject to collection either by recoupment or recovery.

Recipients who failed to timely report a change in earned income will not be given the benefit of the earned income deductions and exemptions in the computation of overpayments/ineligible payments.

XI. ALIEN ELIGIBILITY FOR AFDC

Legally admitted aliens who apply for benefits for the first time after September 30, 1981, shall have the income and resources of their sponsor and the sponsor’s legal spouse (if residing in the home) considered available for their support for a period of three years after their entry into the U.S.

XII. TRAINING ALLOWANCE

The $28 allowance to meet the cost of training connected expenses shall no longer be allowed for future training in lieu of employment.

XIII. INCOME LIMIT OF 150 PERCENT OF NEED STANDARD

At application, redetermination or any time there is a change in circumstances, the household must meet a pre-test of eligibility based on need. In this pre-test, gross income from employment plus profit from self-employment plus countable unearned income must be less than 150 percent of the appropriate need standard.

XIV. WORK OR WORK REGISTRATION REQUIREMENTS FOR AFDC RECIPIENTS

All AFDC children age 16 to 19 will be required to work or register for work unless attending school full-time. Caretaker relatives and parents will be required to work or register unless personally caring for a child under age six with only brief and occasional absences from the child. The caretaker relative under age 21 in a training course which will be completed within two years will be required to register for work and accept employment if available.

XV. RETROSPECTIVE BUDGETING/MONTHLY REPORTING

The amount of assistance for AFDC recipients who have earned income, stepparent’s income, voluntary contributions or unemployment compensation included in the budget or those whose grant amount is less than $10 will be based on the actual income or circumstances which existed in the previous month. These AFDC recipients will be required to submit monthly reports of household circumstances including verification of income to the local Office of Family Security.

The monthly reports shall be received in the local Office of Family Security no later than the third of each month. Failure to submit a completed report, including verification, by the third of each month may result in suspension or closure of the case.

This action is necessary in order to comply with a rule and general notice published in the Federal Register on October 1, 1981 (46 FR 48550) and October 23, 1981 (46 FR 51646) respectively. These regulations were to implement Section 2103 of the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35) which prohibits the use of federal funds, therefore discontinuing reimbursement, under Medicare Part B and Medicaid for expenses incurred on or after October 1, 1981, for the drugs identified in Section 2103. Although both the rule and general notice cited above purport to grant a 90 day grace period extending to January 1, 1982, this grace period was declared invalid in a civil lawsuit entitled National Council of Senior Citizens v. Schweiker (civ. Action No. 81-2462) United States District Court for the District of Columbia. In that suit the Department of Health and Human Resources was ordered to implement Section 2103 of the Act effective October 30, 1981. The Department of Health and Human Resources received notice of this action via telegram on October 29, 1981.

Minority Business Development Authority

The following Loan Policy of the Louisiana Minority Business Development Authority was adopted pursuant to the Administrative Procedure Act of Louisiana (R.S. 49:951, et seq.) after a public hearing held thereon on November 5, 1981.

Section I
Loan Policies
A. Loan Policy Statement
This statement is an outline of lending policy for the guidance of the staff, lending officers, and the management of the Authority and is adopted by the Board of Directors for this purpose. No part of this policy will be construed as authority for any person to act contrary to Act 768 of the 1980 Legislature.
B. General Policy
The staff and lending officers of the Louisiana Minority Business Development Authority will be guided by the following general principles in making loans.
The management of the Authority believes that sound minority loans are the most satisfactory means of using Authority funds that are available for investment and will help the growth of Louisiana’s minority business economy.

The Louisiana Minority Business Development Authority desires to make sound loans as resources permit. The Board of the Authority recognizes that lending money carries certain risks, and the Authority is willing to undertake reasonable risks. Some losses are anticipated in any lending program, and adequate reserves will be maintained.
C. Loan Approval and Review
All loan requests will be presented to the loan committee of the Authority at its monthly meeting. All loans will be presented on application forms authorized by the Authority.
Financial assistance can be approved to:
  a. Finance construction of new building and purchase of real estate
  b. Provide conversion or expansion
  c. Finance purchase of new equipment, facilities, machinery, supplies or materials
  d. Provide working capital
  e. Provide cash bonds
  f. Provide a letter of credit

Eligibility
In order to be eligible for a loan from the Louisiana Minority Business Development Authority, a minority business shall meet the following qualifications:
1. The applicant(s) or principal stockholder(s) must have Louisiana as his or her principal place of residence and the principal place of business must be domiciled in Louisiana.
2. It must employ not in excess of 100 persons and must not have earned in excess of $250,000 in gross revenues during any one of the three calendar years prior to the application.
3. It must be owned or controlled by a socially or economically disadvantaged person as defined in R.S. 51:1753(5).
4. It must exhibit proof that the desired credit is not otherwise available on reasonable terms.
5. It must be credit worthy according to the standards prescribed by the Authority.
6. It must present evidence acceptable to the Authority that the enterprise will succeed if the loan or loan guarantee is received.
7. It must provide reasonable security to assure repayment of the loan. Security may include, but not be limited to, a mortgage on real or personal property, monies due on contracts, assignment of warehouse receipts and guarantees.
D. Interest Rates
The interest rate to be fixed shall not be less than the average of the rates charged by the U.S. Small Business Administration. The average interest rate shall be determined by computing the average of the rates charged by the U.S. Small Business Administration for the previous four quarters.
E. Lending Regulations
1. The Authority can make a loan to any eligible minority business enterprise in a sum not in excess of 75 percent of the value of the property offered as the security pursuant to a first mortgage, or a sum not in excess of 50 percent of the value of the property offered as security pursuant to a second mortgage. But in any case, not to exceed $50,000. The total amount of the unpaid principal and interest on direct loans made by the Authority that is outstanding at any one time shall not exceed $1,000,000.
2. The Authority may participate in any loan made by any bank, financial institution, or federal agency. Participation on the part of the Authority shall not exceed 75 percent of the total required by the borrower, and shall not in any case exceed $50,000.
3. When the Authority’s participation is paid directly to the borrower, it shall be evidenced by a note properly executed by the borrower, payable to the Authority within such time and on such terms consistent with the requirements of the Authority.
4. When the Authority’s participation is paid directly to the bank, financial institution or federal agency through which a loan was negotiated, a participation certificate must be properly executed.
5. The Authority shall maintain in the Louisiana Minority Business Development fund a reserve to be used to secure loan guarantees made by the Authority. Such reserve shall be in an amount equal to the sum of ten percent of each outstanding guarantee.
6. The Authority may take such steps it deems necessary to protect the interest of the state in property mortgaged to secure loans made by the Authority.
7. The Authority shall make no loan or participate in, or guarantee the repayment of any loan for a period of more than five years. However, the Authority may review or extend loans when it deems it necessary, in the aggregate, not to exceed a total of 15 years. All balloon notes shall be renewed at the prevailing interest rate at the time of renewal.
F. Lending Officers’ Responsibilities
A. It is the duty of the staff and each lending officer to support each loan request by a memorandum, which will be a permanent part of files of the LAMBDA records. Each memorandum will be sufficiently detailed so that any officer acting on the loan request in the officer’s behalf or in the loan officer’s absence will be in a position to handle the loan request within the terms and conditions agreed upon by the Authority and the borrower.
B. The credit memorandum should include at least the following information:
1. Name and address of borrower
2. Date of loan request
3. Brief summary of the business
4. Amount of loan request
5. Rate requested by the borrower and rate agreed upon by the lending officer.
6. Terms of repayment. If the loan is to be amortized on a monthly basis, the number of monthly installments and dollar amount should be noted.
7. Purpose of the loan
8. Security. Give a complete description of the collateral and state its current value. Where the loan is secured by real estate, this value should be established by an adequate appraisal.
C. All loans to minority business concerns will be supported by adequate financial statements. This includes balance sheets, profit and loss statements. All statements must be current within 60 days and must be signed by borrower.

D. The Authority will review all loans at a public hearing and shall take action on each request at the public meeting.

E. If the application is denied, written reasons to the applicant will be given as to the reason for the denial. If the application is approved, written notification will be given to applicant outlining the terms and conditions of the approval.

Section II
Desirable Loans

1. Equipment - Loans to businesses secured by chattel mortgage on equipment will be amortized over a period not to exceed five years. Excessive loan to value ratios on equipment can result in significant loss. Loans of over 80 percent of cost should be seriously discouraged.

2. Accounts receivable - The Authority will accept loans secured by accounts receivable. It should be recognized by lending officers that this is a high risk loan area. Loans on receivables should not exceed 70 percent of the outstanding receivables that are not more than 60 days past due.

A blanket pledge of receivables is acceptable collateral. The specific assignment of a particular receivable is also valid collateral.

3. Assignment of contracts - valid contracts are acceptable collateral.

4. Inventory - Inventory is acceptable collateral. Normal lending on inventory should be limited to 60 percent of cost. Inventory lending should always be short term with 30% repayment planned from the liquidation of the product. It should be noted that long term borrowing on short term collateral creates cash flow problems.

5. Preferred mortgage - These types of loans are highly specialized and require a great deal of attention in terms of proper documentation, particularly in those cases where the vessel is approved by and documented with the U.S. Coast Guard. Only an attorney knowledgeable of this kind of mortgage should be allowed to close this type of loan.

6. Listed securities - Loans should not exceed 75 percent of the stock’s value.

7. Cash surrender value of life insurance.

8. Loans to new business for the following purpose:
   1. Land, building and/or equipment to be used for all or part of the operation of the business
   2. Construction of building
   3. Purchase of inventory
   4. Purchase of supplies
   5. Operating capital
B. Small Business Administration

It will be the policy of the Authority to participate in loans for minority businesses with the Small Business Administration. These loans may not exceed $50,000 from the Authority. These monies can be used as the 20 percent or 25 percent cash injection that is needed by a small business to get started, expand and grow.

D. Letters of Credit

The Authority will provide monies to be used for the issuance of letters of credit. The letter of credit cannot exceed $50,000 and can be issued for a period of one year. There will be a 1 percent commitment fee which will be payable to the Authority upon the issuance of the Letter of Credit. The interest rate will be 10 percent if the letter is funded. Proper security will be required.

E. Bonding

The Authority will provide monies to be used as cash bonds which are needed by minority small businesses. These bonds cannot exceed $50,000 and will be approved by the Authority's standard approval procedure and will be placed on a ten month pay back plan. The standard security procedures will be required by the borrower. A one percent commitment fee will be charged by the Authority to the borrower which will be payable upon the issuance of the cash bond. Interest will be charged only on the amount of money used in the period of use and will be 10 percent.

Section III
Undesirable Loans

Some types of loans are considered undesirable by the Louisiana Minority Business Development Authority:

A. Loans to applicants who cannot or refuse to furnish adequate financial information

B. Loans to applicants outside of the State of Louisiana

C. Loans where the integrity and honesty of the principals is questionable

D. Loans to open bars and lounges where the Authority's collateral is the fixtures of that business

E. Loans that, after having been reviewed by the Authority, do not show repayment ability

F. Loans to build or purchase apartment complexes.

Section IV
Delinquency, Charge Off Method

A. Policy Statement

The staff is responsible for the overall collection program for the Authority. A delinquency list will be presented at each board meeting. Once an account becomes 30 days past due, it is necessary that the staff supply the Board of Directors with a memo stating the progress of the account and what action is being taken to correct the problem.

B. Delinquency and Charge Off

The Board of Directors of the Authority recognizes that the lending of money carries an inherent risk and the LAMBDA is willing to undertake a reasonable risk. The staff should initially contact the account when it becomes ten days past due. Depending on the staff's knowledge of the particular account and the circumstances, the staff may elect to contact the account by phone or letter as to the problem causing the past due status.

Loans that fall into the 30-60 day past due category will be considered seriously delinquent. The staff should begin a more aggressive collection procedure. When loans exceed 60 days, the staff should discuss with the board possible additional collateral, work-out arrangements, or loss probability determined.

The staff should prepare a memo on any loan that is considered a charge-off. This memo must be presented to the board and approved by the body before the loan is charged off. At this board meeting the staff should be prepared to discuss his original credit judgement, his collection attempts, reasons for the loan's failure and whether all avenues for collection have been exhausted. Loans approved for charge-off will be maintained in a charge-off file.

C. Turn-Down Applications
1. If a borrower is turned down, he must be told the reason.
2. A turn-down application must be informed within 30 days of the turn-down.
3. A turn-down application may be resubmitted at any time when the reasons for denial have been corrected.

D. Credit Information
1. Proper credit reports are required on each applicant.
2. The Authority will not be obliged to give rating or confidential information regarding an applicant.
3. Credit information will be acquired from the proper credit reporting agency.

E. Collection Procedures
The Authority will require that all loans be repaid on a monthly basis. The standard payment period will be the first and fifteenth of each month. In the cases of Letters of Credit and Bonding, the collection on these loans will be at the end of the expiration date of the note. There will be no pre-payment penalty, therefore, any loan can be paid before maturity. Loans will be paid by a cashier’s check, company check or money order. The Authority will not accept cash money. All checks should be made payable to the Louisiana Minority Business Development Authority.

Section V
LAMBDA: Code of Conduct

A. Confidential Information
Confidential information with regard to the Authority and its accounts acquired in the course of duty is to be used solely for the Authority.

Section VI
Board Member and Employee Loans
Loans from the Authority will not be permitted to any staff members of the program, members of the Board of Directors, or their immediate families. There will be no exceptions to this policy.

The Louisiana PLUS Program
(Auxiliary Loans to Assist Students)

The PLUS program makes long-term loans at a 14 percent interest rate available to pay for the costs of study at postsecondary schools. Under the program, parents are eligible to borrow on behalf of dependent undergraduate students; and independent undergraduate and graduate and professional students are eligible to borrow for themselves. Loan funds may be used only to pay for students’ educational costs. Lenders loan their own funds, and the Governor’s Special Commission on Education Services (GSCES) guarantees against loss. (Act 378 of 1981 authorized GSCES to provide loan assistance to parents of dependent undergraduate students. Congress expanded the program nationally to include independent students and graduate and professional students effective October 1, 1981. Additional Louisiana legislation will be required to expand the GSCES program.)

Terms and Conditions of Loans

ELIGIBLE BORROWERS
As described below, parents of dependent undergraduate students, independent undergraduate students and graduate and professional students are eligible to borrow under the Louisiana PLUS program. In addition to complying with specific annual and aggregate loan limits, in no case may a PLUS loan exceed the student's estimated cost of attendance minus the estimated financial assistance that the student will be awarded for the period for which the loan is intended. All borrowers and students must meet the eligibility criteria described in later paragraphs entitled “General Eligibility Requirements for Parents and Students.” The Louisiana PLUS program participants and the amounts they may borrow are as follows:

Parent
A parent may apply for a loan under the PLUS program to pay for the educational costs of a dependent undergraduate son or daughter who is enrolled or is accepted for enrollment on at least a half-time basis in an institution of post secondary education. The maximum loan amount that a parent (or parents) may borrow per academic year on behalf of each dependent undergraduate student is $3,000. The maximum aggregate loan amount that a parent (or parents) may borrow on behalf of each dependent undergraduate student is $15,000.

Graduate or Professional Student (Not yet authorized is Louisiana PLUS program)
A graduate or professional student who is enrolled on at least a half-time basis at an institution of higher education may apply for a loan under the PLUS program. As with a parent borrower, the maximum loan amount a graduate or professional student may borrow is $3,000 per academic year. The maximum aggregate loan amount that a graduate or professional student may borrow under the PLUS program is $15,000. A graduate or professional student is also eligible to borrow under the Guaranteed Student Loan Program (GSLP) as long as the total amount of loans made for the same academic year under the two programs does not exceed the student's estimated cost of attendance minus estimated financial assistance.

Independent Undergraduate Student (Not yet authorized in Louisiana PLUS program)
An independent undergraduate student who is enrolled on at least a half-time basis at an institution of higher education may apply for a loan under the PLUS program. Unlike parent or graduate or professional student borrowers, the annual maximum
amount an independent undergraduate student may borrow under the PLUS program in any academic year is limited to $2,500 minus the amount the student has borrowed under the GSLP for the same academic period. The maximum aggregate loan amount an independent undergraduate student may borrow under both the GSLP and PLUS programs combined is $12,500.

REPAYMENT

A borrower under the PLUS program is obligated to repay the lender the full amount borrowed, plus interest. Unlike the interest on student loans made under the GSLP, interest on PLUS loans is not subsidized by the Federal government. Also unlike student loans, the repayment period on PLUS loans begins on the day the loan is disbursed, and interest begins to accrue on that day. A lender may charge an interest rate of 14 percent per year on the unpaid principal balance of a PLUS loan. Interest is applicable to principal loan amount immediately upon disbursement, and repayment is to commence with the first installment payable 30 days thereafter. The borrower must make minimum annual payments of $600 to all holders of his or her PLUS program and GSLP loans unless the borrower and lender agree to a lesser amount. If the borrower and his or her spouse have separate PLUS and GSLP loans, the combined annual payment must be at least $600. Generally, a borrower is allowed at least five years but not more than ten years to repay the loan. If, as a result of making the minimum annual payments required, the borrower would pay off the loan in less than five years, then the borrower is not entitled to the full five years. The loan must be fully repaid in 15 years. The repayment schedule may be in equal or graduated installments.

If the student to whom or on whose behalf the loan was made has not been or will not be enrolled as expected after the loan is disbursed, then full payment of the loan is immediately due. A borrower is not entitled to periods of deferment (see “Deferment”) if the student fails to enroll on at least a half-time basis as expected.

The borrower’s obligations to repay is cancelled if he or she dies or becomes totally and permanently disabled or in certain cases, if the loan is discharged in bankruptcy (See “Cancellation”).

DEFERMENT

A borrower is entitled to have installment payments of principal deferred during authorized periods. Interest accrues and is payable by the borrower during the deferment period. The borrower can either make the interest payments during the deferment period, or, if the lender and borrower mutually agree, the interest can be forborne and capitalized when the repayment period resumes. Capitalization means increasing the unpaid principal of a loan through the addition of accreted interest to the previously unpaid principal balance. The borrower must provide the lender with all documentation necessary to establish eligibility for a deferment.

Deferral is authorized by Federal law during periods when a borrower is engaged in one or more of the following:
1. Full-time study at a school participating in the Guaranteed Loan Program authorized under Title IV, Part B of the Higher Education Act.
2. A single period not exceeding three years each during which the borrower is on active duty service in the Armed Forces of the United States or serving as an Officer in the Commissioned Corps of the United States Public Health Service.

Serving as a volunteer under the Peace Corps Act.
Serving as a volunteer under Title I of the Domestic Volunteer Service Act of 1973 (ACTION Programs) (e.g., VISTA).
As a full-time volunteer for an organization exempt from Federal income tax under section 501 (c)(3) of the Internal Revenue Code of 1934, which service the Secretary of Education has determined is comparable to service in the Peace Corps or ACTION programs.
Temporarily totally disabled, as established by affidavit of a qualified physician.
Unable to work because the borrower is providing care for a spouse who is temporarily totally disabled, as established by affidavit of a qualified physician.
2. A period not exceeding two years while the borrower is serving an internship that is needed to gain professional recognition required to begin professional practice or service.
3. A single period not exceeding one year while the borrower is seeking but unable to find full-time employment in the United States.

CANCELLATION

If a borrower dies, becomes totally and permanently disabled, or in certain cases, has lost his or her debts discharged in bankruptcy, then the borrower is no longer obligated to make any further payments on the loan. Federal law provides that, with certain exceptions, a borrower’s loan is not dischargeable in bankruptcy within the first five years of repayment.

DEFAULT

If a borrower fails to make an installment payment when due, the lender attempts, through a specified set of procedures, to collect on the loan. If 120 days elapse and the borrower still fails to make the payment, or if it is reasonable to conclude that the borrower no longer intends to repay, then the lender may file a default claim with the Commission. The loan becomes immediately due and payable and the Commission will actively attempt to collect from the borrower. Collection activities may include litigation.

ELIGIBLE PROGRAM PARTICIPANTS

To participate in the Louisiana PLUS program, parents, students, schools and lenders must first meet certain requirements.

GENERAL ELIGIBILITY REQUIREMENTS FOR PARENTS AND STUDENTS

A PLUS loan will not be made unless the borrower, and the student on whose behalf a loan is intended if a parent is borrowing, meet all the general eligibility requirements listed below.

Citizenship

The borrower, and the student on whose behalf the loan is intended must be one of the following:

- A citizen of the United States;
- A national of the United States; or
- A permanent resident of the United States; or
- In the United States for other than a temporary purpose and in possession of proper resident alien registration card (Form I-151 or I-551). Aliens carrying other identification are not eligible for PLUS loans. A photocopy of both sides of Form I-151 or Form I-551 is required.

Default/Overpayment - The borrower and/or the student on whose behalf the loan is intended cannot:

- Be in default on any PLUS loan, Guaranteed Student Loan, or National Defense or Direct Student Loan that was received for attendance at the same school which the student is or will be attending. However, the borrower may still receive a PLUS Loan if the person who defaulted has made arrangements to repay the defaulted loan to the satisfaction of the Commission.
- Owe a refund of a Pell Grant, a Supplemental Educational
Opportunity Grant, or a State Student Incentive Grant that was received for attendance at the same school which the student is or will be attending. However, the borrower may still receive a PLUS loan if the defaulter has made satisfactory arrangements either to repay or adjust the award, through specified procedures.

Additional Parent Eligibility Criteria

In addition to meeting the general eligibility requirements, a parent borrower must:

- Be the student's mother, father, legal guardian or adoptive parent; and
- Use the loan funds to pay for the educational cost of an eligible student.

Two eligible parents may take out one loan on behalf of one student under the PLUS program in a co-signer relationship. Under such an agreement, both parties are liable for the repayment of the loan. The total and permanent disability or death of the borrower will not affect the obligation of the co-signer to pay any amount owed on this loan.

Additional Student Eligibility Criteria

In addition to meeting the general eligibility requirements, a student borrower or a student on whose behalf the parent is borrowing must meet the following conditions:

The student is or will be accepted for enrollment in a participating school on at least a half-time basis. If currently enrolled the student must be in good standing and be maintaining satisfactory progress, as determined by the school.

If the student is a borrower, the student must be an independent undergraduate or a graduate or professional student. (Not yet authorized for Louisiana PLUS program)

or

If the student’s parents are borrowing on his or her behalf, the student must be a dependent undergraduate student as determined by the school in accordance with Title IV regulations.

Eligible Lenders

Banks, savings and loan associations, credit unions, and schools may be the lenders if they meet certain program eligibility requirements.

ELIGIBLE SCHOOLS

Colleges, universities and many vocational and technical schools may participate in the PLUS program if they meet certain program eligibility requirements. Parents and students should check with the school that the student is or will be attending to make sure that the school and its programs are eligible.

COMMITTEE REPORT

Office of the Governor
Office of Elderly Affairs
Joint Committee on Health and Welfare
October 13, 1981

Honorabte David Treen, Governor
State of Louisiana
State Capitol
Baton Rouge, Louisiana 70804

Subject: Report on Disapproval of Proposed Rules on the Amendments to the State Plan, Policy Manual, and the Nursing Home Ombudsman Program All by the Office of Elderly Affairs as Required by LRS 49:968(F)

Dear Governor Treen:

This is to certify that the following rules proposed by the Office of Elderly Affairs have been found unacceptable and disapproved in accordance with LRS 49:968:

1. Amendments to State Plan (July 20 Register);
2. Policy Manual (July 20 Register); and
3. Nursing Home Ombudsman Program (August 20 Register).

Both House and Senate members of the Subcommittee on Oversight, acting as separate committees on behalf of their respective houses of the legislature have disapproved the proposed rules as provided in LRS 49:968 (D and E). House members voting to disapprove the rules were Representatives Robert Adley, Lane Carson, Louis (Woody) Jenkins, and Jon Johnson. Voting against disapproving the rules was Representative Quentin Dartigue. Senate members voting to disapprove the rules were Senators Edward Randolph and Dan Richey. Voting against disapproving the rules was Senator Ron Landry.

With respect to the proposed rules, it was the committee's determination that there exists no statutory authority granting the Office of Elderly Affairs the power to adopt rules on the above subjects. LRS 49:968(C)(3) requires that the specific citation of the enabling legislation purporting to authorize the adoption, amending, or repeal of the rule be included in the report to be submitted by the agency. The only legal authority cited by the Office of Elderly Affairs was the Older Americans Act which is a federal, not state law, and which cannot, of itself, grant rule-making authority.

Moreover, a survey of the Louisiana Revised Statutes has shown no statutory authority for the Office of Elderly Affairs to exercise rule-making powers. Under LRS 46:932, the Office of Elderly Affairs does have the power to "administer" the Older Americans Act and related programs. However, the Oversight Subcommittee believes that a legislative grant of rule-making authority must be explicit and is not contained within the general term "administer."

We believe an important legal issue is raised by these proposed rules, and are constrained to veto any effort by a state agency to assume rule-making authority which it has not been granted.

It was the consensus of the Oversight Subcommittee that the subcommittee would be willing to support legislation granting certain rule-making authority to the Office of Elderly Affairs at the upcoming special session if this subject were included in the call of the session.

The above rules were opposed by the Louisiana Health Care Association.

Under the provisions of LRS 49:968(G), please be advised that you have five calendar days to consider this report and, if it is your desire, to disapprove the action taken by the subcommittee. Please indicate your approval or disapproval of the subcommittee's action and return this document to my office at 732 North Boulevard, Baton Rouge, Louisiana 70802.

With kindest regards, I remain

Sincerely
Louis (Woody) Jenkins, Chairman
Subcommittee on Oversight
Joint Committee on Health and Welfare

Analysis of Proposed Nursing Home Ombudsman Rules

1. Lack of Rulemaking Authority - While the Office of Elderly Affairs has statutory authorization to "administer the Older Americans Act and related programs", there seems to be no express authority for rulemaking in this regard. R.S. 46:1605, relative to parish councils on aging, provides that "[i]t shall functions of each parish voluntary council on the aging shall comply with the objectives of state laws and shall be governed by the policies and regulations established by the office" and seems to presuppose some preexisting grant of rulemaking authority, which is not contained anywhere in Title 36 relative to powers and functions of the
executive branch of state government.

2. Improper Notice of Intent - R.S. 49:953 (the Administrative Procedure Act) requires that “[w] hen a rule is adopted, amended, or repealed in compliance with federal regulations, the adopting agency’s notice of intent and the actual text of the rule as published in the Louisiana Register, must be accompanied by a citation of the Federal Register issue in which the determining federal regulation is published, such citation to be by volume, number, date and page number.”

This notice merely said that these rules “will comply with the Older Americans Act of 1965” and are being enacted “under the authority granted to the Governor by the Department of Health and Human Services, Administration on Aging.”

3. Necessity for the Rules - These rules envision another needless layer of bureaucracy in that a nursing home complaint procedure is already set up in existing law (R.S. 40:2009.1 et seq) and in operation. These rules do not discuss interface with the existing program nor do they explain how the existing program cannot meet the needs of the elderly. Nursing homes are already inspected, surveyed, reviewed and monitored by over a dozen local, state, and federal agencies. These rules would in effect constitute a duplication of effort and would require expenditures of increasingly scarce state and federal dollars.

Furthermore, R.S. 40:2009.1 provides that “all nursing homes are under the jurisdiction of the state department of Health and Human Resources.” DHHR is the single state agency responsible for monitoring compliance of nursing homes with state and federal regulations. More importantly, the nursing home advisory committee, provided for under the same statute, has the duty to “study the requirements and regulations of the Department of Health and Human Resources and the U.S. Department of Health, Education, and Welfare … in relation to the establishment of minimum standards of maintenance and operations of nursing homes.” Under the statutory scheme, DHHR would then review the committee’s findings and propose rules pursuant to the Administrative Procedure Act.

The proposed rules seem to infringe upon the sole responsibility over nursing homes authority to DHHR under Louisiana law.

4. Funding - The Fiscal and Economic Impact Statement “begs the question” in regard to expenditures. It states that there will be “no effect on implementation costs since similar policies have been in effect for a number of years.” Currently, much of the funding for those programs is federal in source. Legislation now pending in Congress - S 1086 - would remove the requirement that states “earmark” any specific amount of VAA funds for such programs. It is unrealistic to move ahead with this proposal until the effects of federal budget cuts have filtered down to state and local governments.

5. Vagueness of Rules - These rules bring to mind a recent Acadia area Council on Aging advertisement for a community ombudsman which listed job qualifications as the abilities to “speak French and get along with people.”

Specific points are as follows:

A) 804.2(A) (1) - Characteristics of Work — No mention is made of the existing complaint mechanism in 40:2009.13 nor of any interface therewith.

B) 804.2(A) (2) - Examples of Work — Included in item (b) is “observe care in nursing homes.” How can a person form a valid reasoned judgment on patient care with such meaningless qualifications and unless they can read and understand a patient history?

C) 804.2 (A) (3) - Qualifications — A coordinator must have a bachelor’s degree and two year’s experience or “four years of experience working with people.” What sort of bachelor’s degree is required? What does “experience working with people” include? Rather, what does it exclude?

Quite simply, the above “requirements” will only result in unqualified personnel delving into matters of medical care and legal issues with which they are woefully unfamiliar.

D) In reference to “training”, the length and formal requirements of such are nowhere mentioned. Is an examination required? Must applicants pass such an exam?

E) Internship (804.4) — After training, the ombudsman must “spend 12 hours in a nursing home, preferably accompanied by an experienced nursing home ombudsman.” However, “previous ‘experience’ in a nursing home may be substituted for the internship.” It is submitted that this is a very short term for a person to become an expert in the large number of subjects comprising the training requirements, particularly since no mention is made of the length of the training program. After passing all examinations and meeting all criteria to become a Nursing Home Administrator, a person must serve as an Administrator in training for an additional six months. Should an individual who purports to be an expert in varied fields and who will in effect “second guess” the Administrator be any less qualified?

ACTION BY GOVERNOR

I adopt the statement of the Subcommittee on Oversight of the Joint Committee on Health and Welfare as my reasons in approving its action as it relates to the Policy Manual and the Nursing Home Ombudsman Program of the Office of Elderly Affairs.

I disapprove the action of the Subcommittee on Oversight of the Joint Committee on Health and Welfare with respect to the amendments to the state Plan of the Office of Elderly Affairs on grounds that these amendments are not rule changes as contemplated within LRS 49:968.

David C. Treen, Governor
State of Louisiana

7-11 After the hearing is concluded, the Hearing Officer shall issue a report containing his findings of fact, conclusions of law and recommendations. This report shall be presented to the Board.

State Employees Group Benefits Program

B. Primary Plan and Secondary Plan

All benefits provided under this Article 3, Medical Benefits, are subject to coordination of benefits.

This provision is applicable when the total benefits that would be payable by this plan in the absence of any coordination of benefits provision and the total benefits payable under all other plans insuring a covered person, exceed expense incurred during a claim determination period.

One of the two or more plans involved is the primary plan and the other plan(s) are secondary plan(s). The primary plan pays benefits first and without consideration of the other plan(s). The secondary plan(s) then provide the difference up to, but not to exceed, the total allowable expenses. No plan will pay benefits greater than it would have paid in the absence of coordination of benefits.

If an individual is covered by more than one plan, the order of benefit determination shall be in accordance with the coordination of benefits guidelines, as amended, established by the National Association of Insurance Commissioners.

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: G and C Rules

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
   No increased costs in current fiscal year in any program. Initial State funds of $83,887 will be required for the first full year of implementation of the fish and fish products grading and certification program (FY 83). The level of State support necessary in FY 84 is projected to decrease to $59,694 with the program becoming self-supporting in FY 85. No increased costs are required for the rules on poultry and eggs or meat and meat products, either in FY 82, FY 83, or FY 84.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
    No increased costs in current fiscal year. Revenues to be generated by the fish and fish product grading and certification program will be new revenues for the agency. Federal revenues are projected at approximately $1,000 in FY 82, $5,000 in FY 83, and $47,000 in FY 84. Self-generated revenues are projected at approximately $2,000 in FY 82, $9,000 in FY 83, and $27,000 in FY 84. Increases of $7,000 in FY 82, $14,000 in FY 83, and $16,000 in FY 84 are projected to occur in the poultry and egg grading and certification program because of the increase in the required Federal hourly rate (from $16.52 to $18.96). There will be no increase in revenues for the meat and meat product grading and certification program as a result of adoption of the proposed amendment.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
     No appreciable effect on competition or employment in the private sector because the rules will apply equally to all vendors voluntarily choosing to offer products for sale to agencies requiring grading and certification of product.

The term “practicing in Louisiana” shall mean any proprietor/partner/shareholder residing in Louisiana, any proprietor/partner/shareholder who is assigned to an office located in Louisiana, any proprietor/partner/shareholder responsible for an engagement being performed principally in Louisiana and any proprietor/partner/shareholder responsible for that part of an engagement being performed in Louisiana where the performance on the engagement as a whole is not principally in Louisiana.

5.4.2 Records. A licensee shall furnish to his client or former client upon request:
   A. A copy of a tax return of the client; and
   B. A copy of any report, or other document, issued by the licensee to or for such client; and
   C. Any accounting or other records belonging to, or obtained from, or on behalf of, the client which the licensee removed from the client’s premises or received for the client’s account, but the licensee may make and retain copies of such documents when they form the basis for work done by him; and

5.4.3 The non-payment of professional fees and/or out-of-pocket expenses shall not be a basis for failure to furnish the records referred to in C and/or D above. 5.5.3 Advertising.
A. Licensees shall have the right to advertise. However, a licensee shall not use or participate in the use of any public communication or advertisement which contains a false, fraudulent, misleading, deceptive, or unfair statement or claim. 2. Is likely to mislead or deceive because it fails to make full disclosure of relevant facts; or
3. Contains any testimonial or laudatory statement, or other statement or implication that the licensee’s professional services are of exceptional quality, or statements intended to attract clients by use of showmanship, hucksterism, slogans, jingles, or other garish language; or

5. Implies educational or professional attainments or licensing recognition not supported in fact; or
6. States or implies that the licensee has received formal recognition as a specialist without stating from whom the recognition has been received or claims any specialized expertise in any aspect of the practice of public accountancy; or
7. States or implies that the licensee’s ingenuity and/or prior record are principal factors likely to determine the results of the services rather than the merit of the facts involved, or contains statistical data or information so as to reflect past performance or predict future success; or
8. Represents that professional services can or will be completely performed for a stated fee when this is not the case, or makes representations with respect to fees for professional services that do not disclose all variables affecting the fees that will in fact be charged; or
9. Contains other representations or implications beyond those set forth in B below that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived; or
10. Implies the ability to influence any court, tribunal, regulatory agency or similar body or any official thereof; or
11. Makes comparison with other CPAs.

8.1 No partnership or corporation whether domiciled within or without the State of Louisiana, shall practice the profession of public accounting in Louisiana unless all members or shareholders thereof who practice public accounting in Louisiana are holders of licenses issued by the Board and properly renewed. It is recognized that shareholders of Louisiana professional accounting corporations could, in some instances, be persons who are not certified public accountants; therefore, the reference to shareholders above refers to persons entitled to vote shares and participate in the corporate earnings.

If the degree does not carry with it such concentration, the candidate shall have completed the courses prescribed above. Such courses shall be completed in a university, college, night or extension school of recognized standing and approved by the Board.

C. In the event that the degree does not carry with it the above concentration in accounting, the Board may, on good cause shown by the applicant, substitute other courses that in the Board’s judgment meet the above requirements.

Cause for substitution shall be submitted by applicant in affidavit form sworn to by the applicant and a representative of the university, college or other educational institution where the course was taken. The affidavit shall contain a course description a comparison of the course content to that of the course for which substitution is requested.

D. If an applicant for the CPA examination has been in public practice on the professional staff of a CPA firm for four of the ten years immediately prior to the date of submitting the application, he will not be required to have met the requirements of Rule 9.2.2B above if

1. he has successfully completed at least one course in each of the areas listed in Rule 9.2.2B, and

2. if his courses were taken at the undergraduate level, he has successfully completed a total of 30 semester hours, or 40 quarter hours, in accounting and commercial law, and

3. each such course was completed in a university, college, night or extension school of recognized standing and approved by the Board.

10.2.2 The provisions of the above rule notwithstanding, if an applicant for a reciprocal certificate has been in public practice as a CPA and/or the professional staff of a CPA firm for four years in the ten years immediately prior to the date of submitting the application, he will not be required to have met the educational or conditional requirements for receiving a certificate in Louisiana.

11.2 After February 28, 1983, the one year of qualifying experience is increased to two years. When the two-year experience requirement becomes effective, a Master’s degree with a concentration in accounting or a more advanced degree in accounting may be substituted for one year of experience. Concentration in accounting as used in this paragraph shall mean at least 15 hours in accounting courses (auditing, theory, practice, managerial, tax), the contents of which are at a level higher than the contents of the advanced accounting, basic cost accounting, basic income tax accounting, and basic auditing provided for the undergraduate level in Rule 9.2.2B. At least 3 of these 15 hours shall be in accounting theory and practice and at least 3 shall be in auditing.

15.2.1 Every certified public accountant who is registered with the Board and who is engaged in the practice of his profession on his behalf shall file annually with the Board a certification that he is practicing as an individual and that there are no partners or associates practicing with him.

15.2.2 Each firm of certified public accountants which has one or more offices located in Louisiana shall designate a resident licensee to actively supervise each office. One licensee may be so designated for more than one office. If such supervising licensee is not a partner or shareholder, the firm must have at least one partner or shareholder who is a licensee.

15.2.3 Each resident licensee shall file annually at the time he applies for renewal of his license a list of all resident and non-resident partners or shareholders associated with him in the practice of public accounting and the location and resident partner, shareholder, or manager of each office or branch office maintained in Louisiana. One annual listing by the senior or resident partner or shareholder of each firm will satisfy this requirement for all partners or shareholders of the firm, provided that each partner or shareholder gives adequate reference to this listing.

A. In the event that a firm with one or more offices in Louisiana has no partner or shareholder who is a resident licensee, the firm must designate a licensee partner to be responsible for the filing set forth above.

B. In addition to the information to be filed as set forth above, each professional accounting corporation practicing public accounting in the State of Louisiana shall designate which shareholders have and which do not have voting privileges. Such corporation shall furnish to the Board an insurance certificate evidencing that it carries professional liability insurance in the amount of $50,000 for each voting shareholder and for each certified public accountant in its employ to a maximum of $2,000,000.

15.2.4 At the time of the formation of a firm of certified public accountants, the opening of an office or an additional office in Louisiana, or the incorporation of a firm which previously operated as a partnership, information shall be filed with the Board which updates all information filed in accordance with Rule 15.2.3 and Rule 15.2.3B above in the most recent annual filing, if any, or sets forth all such information if no annual filing had been made as of the latest annual filing date.

15.2.5 An original letterhead must be attached to the statement referred to in Rules 15.2.1 and 15.2.3 above. Licensed employees or licensed associates may be shown on stationery but such names shall be separated from that of the individual practitioner or those of the partners or voting shareholders by an appropriate line. Deceased or retired partners or shareholders shall be appropriately identified.

15.2.6 An annual filing fee to be set by the Board, based on the total number of partners and/or shareholders in the firm who are not licensed to practice in Louisiana but not to exceed $15 per partner/shareholder with a maximum of $2,500 per firm, shall be paid by each firm that files in accordance with the provisions of Rule 15.2.3 above.

15.2.7 A filing fee, calculated in the same manner as the most recent annual filing fee provided in Rule 15.2.6 and prorated for the number of complete months remaining in the year, shall be paid by each firm that files in accordance with the provisions of Rule 15.2.4 above and that did not pay an annual filing fee for the immediately preceding filing period.

17.7 Any of the above provisions notwithstanding, the Board may suspend or revoke a certificate and/or license without a hearing for the following causes:

(1) Conviction of a felony or entry of a plea of guilty or nolo contendere to a felony charge under the laws of the United States or of any state;

(2) Conviction of any crime or entry of a plea of guilty or nolo contendere to any criminal charge an element of which is fraud or which arises out of such individual’s practice of public accounting;

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

There will be no increased implementation cost to this Agency because the changes will involve no staff time or other expenses in addition to that needed to administer the existing rules, including the change made by the U.S. District Court, which ruled that Louisiana Law does not permit the Board to require a partner or shareholder who does not practice in Louisiana to be a Louisiana licensee. There will be no savings to the Agency.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

$28,000 increase over prior year, all stemming from the changes in Rule 15.2. No fees have been collected under the existing rule since January 1980, due to the ruling of the U.S. District Court.

The new rule provides for firm registration and enables the Board to have a list of all partners and/or shareholders of firms practicing in LA.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

Ten large multi-national firms with 500 to 1000 partners each - $2500 each.

Two intermediate size firms with less than 500 partners - approximately $1000 each.

Numerous other firms each with only a few partners not licensed in Louisiana - $1000 in the aggregate.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

The proposed Rule changes are not expected to affect competition or employment.

RULES AND REGULATIONS WITH SUGGESTED CHANGES BY ATTORNEY BEFORE PERMANENT ADOPTION. SENTENCES MARKED BY * WHERE CHANGES SUGGESTED.

1. A. 1. Under R.S. 37:2157 A, it is the Board’s interpretation that a contractor is defined as any person, firm, partnership, co-partnership, association, corporation or other organization, or any combination thereof, who undertakes, attempts, or submits a bid or offer to construct, supervise, superintend, oversee, direct, or in any manner assume charge of the construction, alteration, repair, improvement, movement, demolition, putting up, tearing down or furnishing labor, material or equipment and installing same for any building, highway, road, railroad, sewer, grading, excavation, pipeline or public utility structure, project, development, housing or housing development, improvement, or any other construction undertaking. Additionally, it is the Board’s interpretation that, under R.S. 37:2162 (b), a contractor is a person who contracts directly with the owner, a primary contractor, or a subcontractor as a subcontractor; also any Architect or Engineer who receives an additional fee for the employment or direction of labor, or any other work beyond the normal Architectural or Engineering services, shall be considered as a contractor.

Should the agency fail to present such evidence, the bidder shall be required to have a license before bidding. Any successful bidder shall submit an application for a license completed in its entirety, pay the fee, and take and pass the required examination prior to commencement of work on Federal jobs. After meeting said requirements, a letter shall be issued to said successful bidder authorizing the commencement of work in accordance with R.S. 37:2157 D. *Thereafter, the application shall be presented to the Board at its next regular meeting and following compliance with all remaining requirements including delay periods, a license shall be issued with an “F” restriction.

III. All licenses and renewals shall expire December 31 of the year they are issued and the license becomes invalid unless renewed; provided, however, that after a license has expired the person or firm to whom such license was issued shall have until the second Tuesday of January next, following the expiration date to renew the license without penalty and further examination. Any person or firm applying for renewal after the second Tuesday of January next following the expiration date will be required to pay a penalty of $50. IV. The annual fee for renewal of licenses shall be $100 for any one major classification or subdivision thereof and $50 will be charged for each specialty, additional major classification or subdivision thereof. The maximum fee shall not exceed $300. In addition there will be a $25 charge for each examination and a $25 charge for a structural change.

V. B. The qualifying party or parties authorized to take the examination are:

1. The request for additional classification(s) be in writing.

2. The required additional license fee of $50 and a $25 examination fee is paid; and the qualifying party as provided under sub-section (B) successfully passes a written examination.

D. *All initial applicants shall be required to take and successfully pass PART I of the Board’s examination and PART II where there exists a written examination for same.

E. 1. A contractor who is a subsidiary of a currently licensed contractor and who is making application for a license in the same classifications as that of the currently licensed contractor, shall not be required to take an examination on the subject for which said subsidiary contractor is seeking a license, with the approval of the board, provided that the holders of a majority of the stock in the subsidiary contractor are the same as the holders of the majority of stock in the currently licensed company, and further provided that the individual who was designated as the qualifying party at the time a license was originally issued to the currently licensed contractor remains in the employ of the currently licensed contractor at the time of application for license by the subsidiary contractor.

2. A licensed firm, making application for a subsidiary license for the same classifications as those in which the licensed firm has qualified, may be exempt from the taking of an examination, provided that the qualifying party on record with the State Licensing Board for Contractors for the licensed firm making application for a subsidiary license is the same as that of the parent company, and further provided that no person shall be allowed to be the qualifying party for more than one company and two subsidiaries. If more than two subsidiaries are formed or acquired by a parent company, a separate qualifying party shall be registered with the Board for each two additional subsidiary companies. It is further provided that any subsidiaries qualifying under the terms of this section shall not be permitted to assume the position of a parent company or firm for the purpose of forming additional subsidiaries.

F. A qualifying party making application for a license as an individual or stockholder of a corporation may be exempt from taking another examination for the same classification for which he has previously taken and passed subject to approval by the Board.

G. 1. Initial applicant requesting a specialty class where there is no written examination shall be examined by the Board on the experience shown on his application.

2. Licensed contractors requesting additional classification(s) of a specialty where there is no written examination shall submit no less than three jobs they have performed in the requested specialty field and be examined by the Board on experience.

VII. When the qualifying party terminates employment with the licensee, the State Licensing Board for Contractors must be notified in writing, by the qualifying party and the licensee, within 30 days of the disassociation and another party must qualify within 60 days or licensee will be subject to citation for suspension or revocation of license.

VIII. In the event an unlicensed contractor or licensed contractor without proper classification bids in violation of R.S. 37:2150-2163, regardless of whether he is awarded the contract, action may be brought before the Board and/or court in accordance with the statutes rules and regulations, and laws of this State.

IX. Any application for a license for a subsidiary shall be considered as a new application and subject to all laws and rules and regulations governing same.

X. *In the event of the dissolution of a partnership, the license may be retained by one of the partners provided that all partners agree by whom it shall be retained and further provided that any such agreement be made by affidavit.

XI. The Board, pursuant to R.S. 37:2161 may bring suit to enjoin violations of this Act and the Executive Director and/or his designated agent and/or the legal counsel for the Board is hereby authorized to institute such suit on behalf of the Board and to sign the verification of the petition for injunction and to do all things necessary in connection with the institution of such legal proceedings when so directed by the Board.

XII. Hearings may be conducted by the Board at regular or
special meetings whenever deemed necessary. Written notice by
certified mail shall be given to all parties at least five days prior to
such hearings or special meetings. The Board members shall be
notified at least three days prior to such hearings or special meet-
ing. The notice shall include the time, place and purpose of the
hearing or special meeting and may be held at any place within the
State unless conducted at a special meeting and may be held in
Baton Rouge, Louisiana. Hearings shall be governed by R.S.
49:951 et seq.

XIII. Special meetings of the Board may be held at any
place provided that the time, place and purpose of the meeting is
specified in the notice to the members of the Board and to any
parties involved in that particular special meeting.

XIV. It shall be the responsibility of licensed contractors to
secure the current valid license number of any subcontractor who
submits a bid to them or performs work in the amount of
$50,000 or more.

If any licensed contractor accepts a bid and/or awards a
contract in the amount of $50,000 or more to any unlicensed
subcontractor, the license of the contractor may be suspended,
revoked or rescinded after a hearing is conducted by the Board.

XV. Any change in officers, or address of a company,
partnership, or corporation as reflected on the application shall be
reported to the Board by written notification within 15 days after
such change. Any change in the name of a contractor as it appears
on the license certificate or any change from an individual to a
partnership or corporation; or a partnership to an individual or
corporation; or a corporation to an individual or partnership, shall
be reported in writing to the Board within 15 days after such
change. No change in the name or status of licensed firm shall be
made until all documents and information as required by the board
has been satisfactorily furnished.

XVI. A. All licensed contractors bidding in the amount of
$50,000 or more shall be required to have qualified for the classi-
fication in which they bid.

B. When two or more contractors bid as a joint venture on
any project in the amount of $50,000 or more, not in conflict with
R.S. 37:2150 et seq., all parties are required to be licensed at the
time the bid is submitted, within the applicable classification of the
work of which each party is to perform.

XVII. All contractors shall bid and perform work in the
name which appears on the official records of the State Licensing
Board for Contractors for the current license. If a licensed contrac-
tor assigns a contract, or any portion of a contract, in the amount of
$50,000 or more to another contractor, the person or firm to which
it is assigned, and who performs the work, must possess the proper
current license. No unlicensed contractor shall be permitted to
assign a contract, or any portion of a contract, in the amount of
$50,000 or more to a licensed contractor in circumvention of the
laws of the State of Louisiana.

XVII A. Under R.S. 37:2163 A, providing for certification and
license number to be shown on the bid, and when the awarding
authority requires bids to be submitted in sealed envelopes, the
license number shall be required to appear only on the outside of
the envelope. It shall not be a violation for the license number to
appear on both the bid document and the outside of the envelope.

XIX. Any division of a contract into parts less than $50,000
when combined is $50,000 or more, will be treated as one contract
totalling the amount of these parts when combined.

XX. Whenever a licensed contractor bids a project within
the scope of this Act, and is awarded the contract, is unable or
refuses to provide bonding and insurance coverage as required by
the proposal bid for the execution of the project, the awarding
authority or owner may file a complaint with the Board. The Board
shall investigate such complaint and, after due hearing, may sus-
pend or revoke the contractors’ license, in accordance with R.S.
37:2150-2163 inclusive.

XXI. The classification under which a person must be
licensed in order to bid or perform work on a job in accord-
ance with R.S. 37:2159 shall be made by determining in which
major classification or subclassification in R.S. 37:2156.2 the
majority of the work falls.

A. On all jobs involving mechanical or electrical work, the
Board shall consider the monetary value of the electrical or
mechanical material and/or equipment furnished by the owner or
builder, if any, in determining the amount of electrical or me-
chanical work involved.

B. The board takes cognizance of all local ordinances and
codes regulating the licensing of electrical and mechanical contrac-
tors.

XXII. If a possible violation is known to the Board, the
Board may correct it or take appropriate action without formal
complaint.

XXIII. As provided by R.S.37:2150 after granting said
license, the licensee shall at all times show his ability to serve the
public economically, expeditiously and properly; possess the neces-
sary qualifications of responsibility, skill, experience and integrity
so that the licensee will not bear down standards of construction
established within the industry, and shall continue to maintain the
qualifications established in R.S. 37:2156.1.

If any licensed contractor refuses to sign a contract at his bid
price and a complaint is filed with the Board, the Board shall
investigate such complaint and, after due hearing, may suspend or
revoke the contractor’s license in accordance with R.S. 37:2150-
2163 inclusive.

XXIV. It shall be the responsibility of any contractor who,
voluntarily or involuntarily, is subjected to any provision of the
laws of bankruptcy, to notify this Board immediately and to make
available to this Board any and all information pertinent thereto.

A. Any contractor who is ordered by a competent court to
cease operations or whose operations are closed due to operation
of any law, shall notify this Board immediately and make available
to this Board any and all information pertinent thereto.

B. Whenever an order issued by a competent court and/or
referee in bankruptcy forces cessation of a contractor’s business
operations, a hearing shall be scheduled at the earliest feasible
date, in accordance with the applicable laws and the rules and
regulations of this Board, for the purpose of determining whether
said contractor’s license shall be suspended or revoked, and such
an order by a competent court or referee shall create a presump-
tion in favor of suspension or revocation.

C. If any contractor is ordered by a competent court to pay
a final and executory judgment awarded against him in the opera-
tion of his business, for charges for labor, material, breach of
contract, etc., and fails to pay said judgment immediately upon its
becoming final and executory, a hearing may be scheduled by the
Board for the purpose of determining whether said contractor’s
license shall be suspended or revoked.

XXV. All initial applicants are required to submit a
financial statement, prepared by an independent auditor and
signed by the applicant and auditor before a notary public, stating
the assets of the person, firm, partnership, co-partnership or cor-
poration; such assets shall include a net worth of at least $10,000.

XXVI. It shall be unlawful and illegal for any primary con-
tractor, contractor, owner, awarding authority, subcontractor, or
any other person to contract or subcontract all or any portion of
work involved herein, to any other contractor, or subcontractor
unless said contractor or subcontractor was duly licensed by the
Board as of the final date fixed for the submission of bids on said
work from the primary contractor to the owner or awarding au-
tority. This rule shall be subject to the provisions and limitations
established by R.S. 37:2157 B and D.

If work is subcontracted as per this rule, and the subcon-
tractor should default for any reason, the awarding authority shall
have the right to take bids from any subcontractor that is properly licensed at the time of this default.

XXVII. Any person, firm or corporation duly licensed under the provisions of R.S. 37:2150, et seq., who violates any provisions of the said Louisiana contractor’s licensing law or any rule or regulation of this Board may, after due and proper hearing, have its license suspended or revoked by this Board. Prior to the Board’s action on suspension or revocation of licenses as aforesaid, the licensee shall be given a hearing in accordance with the Louisiana Administrative Procedure Act.

XXVIII. In any instance where approval of an application has been withheld under the terms of R.S. 37:2157 D., a contractor shall have the right to apply to the Board for a hearing following which the Board may continue to withhold approval or grant its approval at its own discretion.

XXIX. Proper Notification under R.S. 37:2160 E., shall be five days notice. Notification shall constitute placing of said notice in the U.S. mail certified. The five days’ notice shall commence to run on the date of the issuance of notification.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
There is no implementation cost to the agency.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
The effect on revenue collections will be negligible. An estimated 100 people became horse owners under the present rule, which produced $1,000 in revenue. The new rule will prohibit inexperienced race horse owners from claiming horses until they have obtained a license. Formerly, any person would qualify for claiming a horse by filing an application for a license ($10 fee) and being granted a certificate. It is estimated that with the implementation of this rule, approximately $1000 may be lost in revenues.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
Benefits: by permitting only knowledgeable and experienced owners to claim a horse in a race, the health and welfare of the animal will be protected. Thus, the entire racing industry will benefit by permitting only those who are aware of the ramifications of race horse ownership to claim a horse.

There is no effect on competition or employment.

**Board of Nursing**

The Louisiana State Board of Nursing proposes to adopt an amendment to the Standards and Requirements for Educational Programs in Nursing.
The Louisiana Revised Statutes 37:911 as amended, Section 918, Duties of the Board, provided that the board shall: "B. Approve schools which meet the licensing requirements of the board: C. Provide for hearings for nursing educational programs when approval is denied withdrawn." The proposed amendment is to set a limit on the time a school may stay on conditional approval and to clarify the approval procedure as outlined in Standard and Requirements for Educational Programs in Nursing, R.N. 2.05, 2.06 and 2.072 2 G, as published in the Louisiana Register, April 20, 1977, on pages 185 and 188.

The proposed amendment reads as follows:

"When the Board has determined that a program in nursing education is not meeting the legal standards and requirements, the Board, after an evaluation or hearing, shall provide the nursing program with a written notice of a specific deficiency, or deficiencies, and place the program on conditional approval for a period of one year. A program has the right, at any time, to present evidence to the Board that the deficiency, or deficiencies has/have been corrected, and may petition the Board to restore full approval status to the nursing education program.

At the end of one year, from the date on which the program was placed on conditional approval, the program shall submit to the Board, a written report with a specific plan of action for removing the specified deficiency or deficiencies. If the program presents sufficient evidence that the deficiency, or deficiencies, has/have been corrected, the Board may restore full approval status. If a program presents substantive evidence that action is being taken to correct the specified deficiencies, the Board may, after an evaluation and hearing, continue the conditional approval status for another year. At the end of the second year, the program shall submit to the Board, a second written report of the progress made in correcting the deficiency or deficiencies.

At the end of three consecutive years of being on conditional approval, if after a hearing, it is determined that the program has not corrected the deficiency or deficiencies, the Board shall remove the program from the list of state approved school."

Written comments may be addressed to Merlyn M. Maillian, R.N., Executive Director, Louisiana State Board of Nursing, 907 Per Marquette Building, 150 Baronne Street, New Orleans, Louisiana 70112, until 4:30 p.m., December 4, 1981.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

There would be costs and no savings to the Board of Nursing.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

Revenue would be affected only if a school lost full approval. The Board charges a fee of $50 per day for an onsite survey which covers two days. Therefore, only $100 would be lost per school losing full approval. Since it is not possible to estimate the number which would lose approval, the overall impact is unknown.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

There is no estimated cost of affected groups.

There would be no effect on competition and employment.

Fiscal and Economic Impact Statement
For Administrative Rules
Rule Title: AFDC/GA Need Standards Increase

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
   A. The only cost of implementation is for the additional benefits due to the change in the AFDC Need Standard:
      1981-82 (six months) $101,789 (Federal $68,046/State $33,743)
      1982-83 207,118 (Federal $138,458/State $68,660)
      1983-84 210,659 (Federal $140,825/State $69,834)
   There is no additional cost in GA as the Need Standard is no longer used as it is related only to GA clients receiving Vocational Rehabilitation maintenance, which is no longer applicable. No new staff or additional administrative costs will be required as the number of applications will not increase, only the number of approved applications.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
   There will be no effect on revenue collections. Funds have already been budgeted for this purpose for 1981-82. Federal funds receipts for each year total $68,046, $138,458 and $140,825, respectively.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
   A. There will be no costs to affected groups.
      B. It is estimated in FY 1981-82, 115 new families will receive $101,789 in benefits; in FY 1982-83, 117 families will receive $207,118 in benefits and in FY 1983-84, 119 families will receive $210,659 in benefits.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

NOTICE OF INTENT

Department of Health and Human Resources
Office of Family Security

The Department of Health and Human Resources, Office of Family Security, proposes to adopt the following policy related to limitations on Long Term Care facility costs.

Reasonable cost limits are established as follows:

(1) **Salaries**: Allowable costs for salaries are limited to the maximum amount allowed by State Civil Service for the appropriate job requirements. Allowable salaries may be less than this limit based on the employee's actual duties. Refer to the Department of Civil Service Wage and Classification Plan.

(2) **Dues and Related Travel Expenses**: Travel expenses are allowable only as related to the administration of the facility and patient care. Out-of-state travel is allowable only as prior approved by OFS based on justification of benefit to patients or to the Program. Out-of-town travel within the state is allowable only for licensing requirements, continuing education, and that directly related to patient care. Compensation for such travel is limited to that allowable for state employees, both for mileage and per diem expenses. The Division of Administration publishes this criteria, and it is also published in the Louisiana Register. Vehicle expenses are allowable only as charged to license number of vehicles which are established for facility use.

Dues are not an allowable cost unless the organization to which dues are paid is audited and dues are established to be related to improvement of care and services.

(3) **Insurance**: Insurance rates must be reasonable. To assure reasonableness, evidence of competitive pricing must be available. Allowable cost is limited to the lowest price available for the coverage obtained. To be allowable, policies must be available for review by auditors and only ordinary and necessary coverage will be included.

(4) **Interest**: Interest is limited to that which can be specifically related to the purchase of an asset or is necessary for the operation of the facility. Working capital notes must be documented. Cash flow statements are to be supported by accounting records.

Generally, necessary and proper interest on both current and capital indebtedness is an allowable cost.

“Necessary” requires that interest be incurred on a loan made to satisfy a financial need of the provider related to patient care AND be reduced by investment income.

“Proper” requires that interest be incurred at a rate not in excess of what a prudent borrower would have to pay AND be paid to a lender not related through control or ownership or personal relationship, to the provider. Exceptions are allowable only in accordance with HIM-15, Paragraph 218.22.

Mortgage interest is allowable only if it meets the above criteria. If mortgage interest is disallowed, the equity base must be adjusted.

(5) **Motor Vehicles**: The allowable cost or lease cost of vehicles is limited to statewide average cost of standard automobiles and vans (revised annually) and is to be expensed over a 36-month period. Leasing is to be pro-rated over a 36-month period not to exceed ownership costs. Lease costs must be documented and components, taxes, license, and interest entered into the correct accounts. All vehicles must be directly related to patient care. The following types of vehicles are specifically disallowed: recreational vehicles, including pickup trucks equipped for camping, motorized homes, etc., airplanes and boats.

(6) **Management Fees and Central Office Overhead**: Contracts for management services must specify exactly what services are covered by the fee. The cost allocation plan for the management firm must also be available for review and audit. The charges by a related management firm are limited to actual cost which shall not exceed what the service would cost from unrelated management companies. Related management companies will be required to file a cost report and be subject to audit.

(7) **Director’s Fees**: Director’s fees are not an allowable cost.

(8) **Owner’s Compensation**: All types of owner's compensation limits are based on the following criteria:

a. The position filled by the owner is normal to the industry.

b. The salary paid to the owner is in line with employee's salaries for similar positions limited as shown in Item 1.

c. Verification that the owner does perform the service for which he is being compensated. EXAMPLE: Owner's wife is Director of Nursing. Wife must meet criteria described in a and b above and show evidence of her current licensure. Signed time sheets must support that actual work is performed.

(9) **Rent**: a. Rental payments between related parties are limited to actual cost and may not exceed (b) below.

b. Rent paid to unrelated parties will be subject to the following:

i. Compare facility rental to regional per-bed average cost in semiannual report.

ii. If rental exceeds (i) above refer to state for individual determination.

iii. Sub-lease costs are allowable only when included with an approved certificate of need.

Interested persons may submit written comments on the proposed policy through December 5, 1981, at the following address: Mr. Michael S. Haddad, Assistant Secretary, Office of Family Security, Box 44065, Baton Rouge, Louisiana 70804.

Mr. Haddad is the person responsible for responding to inquiries about this proposed rule.

NOTICE OF INTENT
Department of Health and Human Resources
Office of the Secretary

The Department of Health and Human Resources proposes to adopt procedures by which to administer the Community Residential Development Fund. This fund was established by Act 770 of the 1981 Louisiana Legislature to provide financial start-up assistance to non-profit organizations for small residential programs for handicapped persons. The Offices of Human Development, Mental Health and Substance Abuse, and Mental Retardation will jointly administer this funding program.

As a result of the length of the material proposed for adoption through this notice, copies of this material may be secured from any of the following: Dr. Billy Ray Stokes, Assistant Secretary, Office of Mental Retardation, 721 Government Street, Third Floor, Baton Rouge, Louisiana 70802; Dr. Thomas H. Rule Title: Eligibility Standard

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
Act 770 of the 1981 Regular Session provided seed money in the amount of $540,000 for the initiation of the program. The participants who borrow from this fund then have five years after the initial year of operation, to repay the state for the loan.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
DHHR is unable to provide a detailed estimate of the impact of the new sliding scale on revenue collections; however, the department anticipates that any impact would be minimal.
Currently, collections cannot be made on many accounts billed for services under the existing eligibility standards. This new fee schedule is intended to bring billed charges in line with ability to pay, and therefore, enhance the collection efforts by the department on actual billings.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

By implementing this rule change 45,150 more accounts will be eligible for free care, thereby reducing the number of bills and statements received by the indigent patients.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

There is no impact on competition or employment as a result of this rule change.

L.A.C. 17-4:18.1 Public Display

Pursuant to Louisiana Revised Statutes 51:655, any person, firm or corporation or other legal entity desiring a permit for a public display may either apply to the Office of State Fire Marshal, 1033 North Lobdell Boulevard, Baton Rouge, Louisiana 70809 or to any certified local authority, which application shall contain the following information in the form of an affidavit sworn and subscribed by a duly licensed and qualified notary public:

1. The date, time and place of the public display including the length of time.
2. All fire prevention plans and provisions which will be present and in force and available to assure the public safety at the public display.
3. A copy of the license issued by the Office of State Fire Marshal licensing the manufacturer, importer, distributor or jobber who will be supplying and/or conducting the public display or sufficient detail on the individual firm, corporation or other legal entity who will be supplying and/or conducting the public display to assure the State Fire Marshal of his certified local authority that the fireworks and the actual presentation and conduct of the public display will not endanger the public safety; such facts required in lieu of a license include business history including length of time in business, representative clients, references from public officials in fire safety, educational background of employees, and any and all other types of information which would assure the Fire Marshal or his certified authority that the public display will not endanger the public safety.

L.A.C. 17-4:18.2 Licenses

Anyone applying for licenses under Louisiana Revised Statutes 51:656 shall set forth not only such information as may be required by the application attached hereto and made part hereof but all such information as shall be necessary for the Fire Marshal to determine that the manufacturing, importation, distribution and sale of the fireworks in question will not endanger the public safety; such facts shall include but are not limited to include business history including length of time in business, representative clients, references from public officials in fire safety, educational background of employees, and any and all other types of information which would assure the Fire Marshal or his certified authority that the public display will not endanger the public safety. I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)
   The estimated implementation costs to the agency cannot be determined at this time.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)
   The effect on revenue collections will be dependent upon the fee charged to issue licenses and the number of licenses issued.

III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)
   The cost to affected groups cannot be determined at this time. It will depend on the number of applicants for public display, and permits issued, and the associated time and paperwork involved.

   The particular ruling does afford local political subdivisions who have been certified as local authorities by the Fire Marshal to handle their own licensing of public displays which would reduce the cost to the Fire Marshal, but place their workload on local political subdivisions.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)
   There would not appear to be any estimated effect on competition and employment.

Department of the Treasury
Board of Trustees
State Employees Group Benefits Program

In accordance with the provisions of R.S. 49:951, et. seq., the Administrative Procedure Act, notice is hereby given that the Board of Trustees, at its regular monthly meeting on December 16, 1981, intends to adopt the following guidelines relative to the offering of HMO coverage to State employees:

Unless otherwise exempted by Section 1311 of Public Law 93-222 (Health Maintenance Organization Act of 1973), any health maintenance organization or other prepaid medical plan seeking to solicit the membership of employees of the State, its agencies or political subdivisions, shall be subject to the regulations and requirements as set forth below.

For purposes of these regulations the term “HMO” is defined as any legal entity which provides, either directly or through arrangements with providers or other persons, health care services, or arranges for the provision of such services to enrollees on the basis of a fixed prepaid sum.

General Information

The HMO shall furnish the following information:

1. A list of the names and official positions of all members of the board of directors and the principal officers of the organization, which list shall contain a full disclosure of the extent and nature of any contractual or financial arrangements between them and the State, or any of its agencies or political subdivisions;

4. A current balance sheet or income/expense statement;

5. Evidence of protection for members in the event of insolvency or medical catastrophe; which evidence may be a demonstration of the HMO’s capacity to produce a cash flow sufficient to cover normal operating expenses for a minimum of ninety days, or a contractual agreement with a third-party insurer indicating such protection; and which evidence shall be updated on an annual basis;

6. A copy of the form of each booklet or certificate of coverage to be issued to the members, and any changes or amendments as may be made from time to time;

7. A description of the proposed method of marketing the HMO benefits, including marketing material to be used and a list of current premium charges;

8. An accurate comparison of benefits offered by the HMO and the State Employees Group Benefit Plan;

9. A statement describing the HMO’s service area;

10. A description of complaint procedures the HMO utilizes for resolving grievances between a member and the HMO or any provider of services;

(a) location;
(b) hours of operation;
(c) provisions for after hours emergency services;
(d) on-site facilities such as x-ray, laboratory, pharmacy, etc.;

12. For all models, a list of participating physicians, to include the area of practice or specialty of each;

13. A statement indicating which person or persons are responsible for final medical adjudication of questioned claims.

The State of Louisiana shall have the right during the existence of the contract to audit from time-to-time fiscal records of the HMO as may pertain to the financial security of State employees enrolled as members.

If, for any reason, a provider fails or is unable to render services it has agreed to provide through a contract with the HMO, the HMO shall agree to pay benefits for services equivalent to those set for in its contract with the State while an individual continues to be a member.

The Board of Trustees of the State Employees Group Benefits Program shall not be held liable for claims for damages relating to any treatment rendered or arranged for by the HMO.

The HMO shall agree to hold the Board of Trustees of the State Employees Group Benefits Program harmless from all claims for damages relating to any act or omission by the HMO, including any claims relating to failure of the HMO to provide services as specified in its contract with the State of Louisiana due to financial hardship or insolvency.

Initial Enrollment and Effective Date

1. The initial enrollment period shall be that ninety day period immediately following the approval of an HMO program. The initial effective date shall be the first day of the month next following the completion of this enrollment period.

2. The State shall furnish the HMO with a list of agency personnel officers and their addresses to facilitate agency contact.

3. The State shall provide a letter of introduction by the Executive Director to the personnel officers encouraging their cooperation with the HMO in scheduling meetings and making the offer to eligible employees.

4. The State shall permit the HMO to use its enrollment form to enroll employees who are currently members of the State Employees Group Benefits Program.
(5) The HMO shall use the State Employees Group Benefits Enrollment Document if the employee is not a member of the State Plan at the time he elects HMO membership. All documents shall be processed at the State Employees Group Benefits office, including data entry into the billing and eligibility system.

(7) The HMO shall secure any information it may need which is not on the enrollment document independently of the State Employees Group Benefits Program.

Computer Interfacing

(1) The State shall provide the HMO with a monthly exception tape, detailing by agency: additions, deletions, and changes.

(2) The HMO shall maintain all billing records by agency billing codes as established by the State Employees Group Benefits Program.

(3) The HMO shall furnish utilization reports on a monthly basis, the format of which shall be mutually agreed on by the State and the HMO.

Premium Billing and Transfer

(1) The HMO shall bill membership fees in a regular monthly invoice, detailed by agency billing codes as established by the State Employees Group Benefits Program.

(2) The State shall transfer the reconciled membership fees to the HMO by the fifteenth of each month for the previous month’s billing. Remittance will be itemized by agency.

(3) The State shall retain a monthly administrative fee for each individual contract, which fee shall be negotiated prior to the initial effective date of the master contract between the State and the HMO. Adjustment of the administrative fee will be made no more often than once a year and only on the annual re-enrollment date.

Rates

(1) The HMO shall charge membership fees that are divisible by a number as shall be set forth in the contract.

(2) Rates shall be guaranteed for no less than a 12 month period following initial enrollment and thereafter shall be increased no more often than once a year and only on the annual re-enrollment date, unless otherwise approved by the Board of Trustees 90 days prior to the effective date of such increase.

(3) Notice of premium adjustments shall be given the State at least 90 days prior to the proposed effective date of such adjustment.

(4) Membership fees shall not be adjusted based on the utilization of health care services by State employees or their dependents. Rate adjustments shall be reflected in similar adjustments for other groups enrolled in the HMO service area.

(5) The HMO shall use a three-rate structure, with classifications compatible with those used by the State Employees Group Benefits Program.

Eligibility

(1) The HMO shall maintain identical eligibility regulations as the State Employees Group Benefits Program with the exception of sponsored adult dependents, who need not be eligible for membership.

(2) The HMO shall enroll new employees who choose membership during their initial period of eligibility for an effective date that is compatible with the eligibility requirements of the State Program.

(3) The HMO shall provide for continuation of membership for surviving spouses and dependents of deceased employees who are HMO members at the time of death.

Pre-existing Conditions

(1) The HMO shall impose no limits on coverage for pre-existing conditions for State employees electing membership during their initial period of eligibility.

(2) If a State employee fails to elect HMO membership for himself or his dependents during his initial period of eligibility, the HMO shall impose limitations on coverage for pre-existing conditions as a requirement for membership, in accordance with the existing regulations of the State Employees Group Benefits Program.

Transfers and Terminations

(1) The HMO shall hold an annual re-enrollment each November for an effective date of January 1 for employees electing to enter or leave HMO membership. This shall include both active and retired employees.

(2) The HMO shall participate in any other open enrollments as shall be mandated by legislative action, if such action involves the HMO’s service area.

(3) Transfer of coverage from the State Employees Group Benefits Program to the HMO or vice-versa shall be allowed only during the annual re-enrollment period, for an effective date of January 1. Transfer of coverage shall also be allowed as a consequence of the employee’s being transferred into or out of the HMO service area, with an effective date of the first of the month following transfer.

(4) The HMO shall provide benefits up to but not beyond date of discharge in the event a member or his dependents are hospital confined at the time his membership terminates.

(5) The HMO shall allow individual conversions for a 30-day period following the end of the month during which an employee terminates his group membership. The conversion may be an individual HMO membership or fully-insured health contract, but shall be offered without regard to existing medical conditions and at the then-current rate for all other similar conversions. Termination of the group contract does not constitute individual termination for purpose of conversion.

(6) No individual membership shall be terminated by the HMO except for the following reasons:

a. Termination of the group contract
b. Termination of a member’s employment with the State
c. An employee’s moving his domicile out of the HMO service area
d. Failure of the individual to make required copayments to an HMO provider
e. Statements made by an individual on applying for membership which are material and knowingly false relative to the eligibility of himself or any dependents; or, if applicable, relative to the health status of himself or any dependent
f. Refusal of a member to cooperate with an HMO provider to such a degree as to render a satisfactory physician-patient relationship impossible.

(i) Should the member refuse to accept procedures or courses of treatment recommended by an HMO physician, the physician shall use his best efforts to render all necessary and appropriate professional services in a manner compatible with the members’ wishes insofar as this can be done consistent with the physician’s judgment as to the requirements of proper medical practice.

(ii) Should the member continue to refuse to cooperate with the provider, and the physician believes that no acceptable professional alternative exists, such member shall be so advised, and if upon being so advised, the member still refuses to follow the recommended treatment or procedure, then the HMO shall have the right to terminate that individual’s membership.

(iii) Should the HMO elect to terminate or not renew the member’s coverage due to the above provision, the HMO shall notify the employee in writing no less than 30 days prior to the termination date.

(iv) The employee shall have the right to appeal such termination of coverage to the Benefits Committee of the Board of Trustees, which committee shall refer its recommendation to the Board for final decision.
Nonduplication of Coverage

(1) If a husband and wife are both State employees and both are eligible for family coverage under the State Employees Group Benefits Program, both must elect membership in the HMO or the State Program. Neither split contracts nor dual membership shall be allowed.

(2) If a husband and wife are both State employees and have elected single coverage, each may choose membership in either the HMO or the State Program.

(3) Regardless of any provision of the State Employees Group Benefits Program contract to the contrary, the following apply to any State employee or dependent enrolled in an HMO:

a. The person shall neither be a member of the State Program nor a qualified dependent covered under the State Program.

b. No benefits will be payable under the State Program with respect to charges for services and supplies furnished while the person is enrolled in the HMO.

Benefit Structure

(1) The HMO shall provide basic and supplemental comprehensive health maintenance services which State employees and their dependents might reasonably require to be maintained in good health, without regard to the frequency or extent of services furnished to any particular enrollee except for allowable exclusions and limitations as noted herein.

(2) Basic comprehensive health maintenance services shall include, but need not be limited to:

a. Provisions for in-area emergency health care services which shall be available 24 hours a day, seven days a week and which shall be provided by physicians or other licensed medical personnel;

b. Coverage for out-of-area emergency services;

c. Preventive health services such as immunizations, routine physical examinations, and diagnostic studies;

d. In-patient hospital care, to include semi-private accommodations and other ancillary services for at least 120 days per confinement, restorable after 90 days following discharge;

e. In-patient physician services, for the period of time as specified in (d) above;

f. Out-patient health services.

(3) Supplemental comprehensive health maintenance services shall include, but need not be limited to benefits for:

b. Private-duty nursing prescribed by a physician.

c. Emergency ambulance services.

d. Durable medical equipment.

e. Prosthetic appliances.

f. Reasonable extension of in-patient hospital and physician services beyond the minimum requirement of the basic coverage.

(4) The HMO may impose reasonable limitations on and/or exclusions from such services as cosmetic surgery, dental treatment, custodial care, experimental procedures, home health care, services not medically necessary, personal convenience items, luxury accommodations, and services not rendered or prescribed by HMO physicians (except for out-of-area emergency care).

(5) The HMO may exclude from coverage those items as are normally and routinely considered excludable under group health coverage such as injuries or disease covered by workmen’s compensation laws or veteran’s benefits, self-inflicted injuries or those sustained as a result of war or civil disobedience.

(6) Treatment for mental and nervous disorders, and alcohol or other substance abuse may not be excluded, but may be limited. Coverage shall be provided to include at least:

a. In-Patient - hospital benefits and physicians services for a minimum of 30 days per year;

b. Out-Patient - physician services covered at least 50 percent for a minimum of 15 visits per year at no less than $40 per visit.

(7) Basic comprehensive health maintenance shall have no lifetime maximum. Reasonable copayments may be placed on out-patient services and out-of-area services, but in no instance shall the copayment exceed 25 percent of the value of the service rendered.

(8) Supplemental comprehensive health maintenance services shall not be limited to less than $250,000 in benefits available for the lifetime of a member and may contain provisions for a deductible, not to exceed $100 per member per calendar year, with no more than 3 deductibles required per family. After satisfying the deductible, the member shall be eligible for payment of not less than 80 percent of covered charges (except as provided in (6) above), up to $5,000 per calendar year. Thereafter, 100 percent of eligible charges shall be covered for that member for the balance of the calendar year.

Disclosure

(1) The HMO shall issue to each employee a description of benefits to which he is entitled under the contract between the HMO and the State of Louisiana.

(2) The evidence of coverage shall contain a clear, concise and complete statement of:

a. The health care services and the insurance or other benefits, if any, to which the member is entitled;

b. Any exclusions or limitations on the services as benefits to be provided, including any deductibles and/or copayment provisions;

c. Where and in what manner information is available as to how services, including emergency and out-of-area services, may be obtained;

d. The HMO’s method for resolving enrollee complaints;

e. Conditions of eligibility for employees and their dependents;

f. Conditions under which an individual’s membership may be terminated.

Interested persons may submit their views and opinions to Dr. James D. McElveen, Executive Director, State Employees Group Benefits Program, Box 44036, Baton Rouge, Louisiana 70804, until 4:30 p.m. on December 7, 1981.

Fiscal and Economic Impact Statement

Rule Title: HMO Guidelines

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO AGENCY - (Summary)

There will be no additional costs to the Program if this HMO plan were adopted by the Board. All provisions for implementation, such as computer enhancement and accounting procedures, have been made. No additional personnel will be necessary.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS - (Summary)

The Board would receive the premium contributions for this prepaid medical program from the various agencies. After deducting a $3.00 per month administrative charge per contract, these funds would then be delivered to the prepaid medical plan. At this time, the estimated effect on revenue collections is considered to be negligible as there are very few prepaid medical plans in a position to offer coverage to state employees in any specific areas.
III. ESTIMATED COSTS AND BENEFITS TO AFFECTED GROUPS - (Summary)

The proposed HMO plan will be an alternative feature which will be available to all state employees. It is estimated that the cost to the employee would be comparable to the premiums charged by the Program for similar classes of coverage.

It should be noted, that, in general, the HMO plan member must use the physicians and facilities that are under the HMO contract. A member of the the Group Benefits program may use the physician and facility of his choice.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT - (Summary)

Because of the estimated small number that are expected to join HMO, it is expected that the effect on competition and employment will be negligible.
